The school's learning disabilities classes will have open house from 7 to 8:15 p.m. Tuesday. On Tuesday, an assembly for the student body is planned, said Principal David Corley. Junior high students will compete in a spelling bee at 3 p.m. Wednesday.

Fifth graders will have their spellingdown at 8:45 a.m. Wednesday. (see PUBLIC, page 7)

Canyon Chamber Looks At Combined United Way

BY ELAINE PEEPLES

The Canyon Chamber of Commerce is considering joining the United Way of Amarillo and sponsoring a United Way campaign in Canyon.

West Texas State University is planning a full-scale United Way campaign this year and members of the Chamber of Commerce have discussed the possibility of a Canyon campaign with Jim Matthews, director of the Amarillo United Way.

David West, president of the chamber, said he felt a united university and Canyon campaign would strengthen the Canyon ties with the university. Working with the Amarillo

United Way would also strengthen the cooperation between the two towns, West declared, and open the way for better cooperation in the future.

West said the chamber would like to make a decision on the campaign by the end of April. And would like to have opinions on the campaign from the people of Canyon. The chamber also plans to show a film to Canyon businessmen on the United Way functions and then a decision will be made on the basis of the opinions of the people and the chamber members.

The United Way of Amarillo supports 25 agencies at the present time, according to Matthews. (see UNITED, page 7)

Canyon High School Eagle Band trip to Vienna, Austria this summer has been cancelled.

The proposed trip came as a result of an invitation issued by the Westbrook Educational Foundation last spring inviting the Eagle band to compete in Vienna this summer in an international music festival.

Since June, parents and students have aggressively attempted to raise some \$50,000 to send the band and sponsors on the three-week trip.

As of Monday night when parents agreed the trip should be called off, the band had raised \$18,000.

Band Director J.W. King explained money raised by students at odd jobs and from sale of handmade crafts will be refunded to the individuals.

He mentioned an alternate trip will be recommended to the Canyon School Board of Trustees at the next regular meeting, which is Tuesday, Mar. 7.

King said once a specific trip is selected, a new budget will be arranged and each student will have a certain amount to contribute toward the trip.

Students have contributed some \$12,000 of the present \$18,000 to the music festival trip, according to King.

The band's invitation to Vienna was one of 50 issued to bands from the United States. The Eagle Band was made the official Good-Will Ambassadors from Texas by Gov. Preston Smith, and received donations and contributions from persons throughout the state.

"We will plan on another trip somewhere in the United States," King said Tuesday. "Lots of schools were invited to Vienna and they did not have the courage to even try. We tried to raise the money but we feared we could not raise the needed (see BAND, page 7)

Joy Williams

Joy Williams Named To Area Cage Team

Canyon High School's Joy Williams has been selected to play in the second annual Golden Spread High School Girls' All-Star Game in Amarillo March 25.

Miss Williams led the defensive team in last Saturday's state championship game that brought the girl Eagles the title for the second time in four years.

She was picked as an All State Tournament guard as a junior and this year she hauled down 11 rebounds in the finals against Rockdale.

The high school senior has paced the girls all season as they swept past competition toward the state tournament.

She was one of nine players from Panhandle towns that

played in the finals in the state tournament last weekend in Austin, who was named to the all-star game team.

Miss Williams will play for the West team.

City Permits Up In February

Building permits issued by the city during the month of February totaled \$73,550, according to building inspector E.A. Collier.

The February figure was a three year high for Canyon, and was nearly \$50,000 more than permits issued for January of this year.

Collier said last year in February, the city issued permits totaling \$53,100, and in 1970 the February permits amounted to \$61,000.

January figures showed \$25,500 in permits.

This year's permits were issued for two residences, two garages, one store house and one addition to a residence.

Tickets Going For C-C Affair

Some 400 tickets are still available to the Chamber of Commerce annual banquet scheduled March 9 at the East Cafeteria at West Texas State University.

Frank Gifford, famed television sports commentator, will be guest speaker and Canyon's Man of the Year will be named. Tickets are available at \$6.50 per person from any chamber board member or the Chamber office, or from Cordell Huddleston at West Texas State University or David West of the First National Bank.

U. S. Initiative Praised

BY ELAINE PEEPLES

International commentator Donald Grant said President Nixon's visit to China made him hopeful the United States will be able "to quit the continent of Asia."

Grant who spoke on the WTSU campus Monday and to students Tuesday said in an interview the United States wants out of Asia and the President's trip might provide a satisfactory exit.

"Hanoi is afraid of China and China might say if you don't help the United States we won't help you," Grant said.

"When we think of the power of Russia in Asia and the interest of China in Asia, how can the United States manage anything in Asia?" Grant asked.

"We had better keep out of it," he stressed.

Three years ago Brezhnev said Russia would welcome the retention of a U.S. bridgehead in Asia, Grant declared. This

would help the Russians counteract China's influence in Asia, Grant said. He then asked, "Why should the U.S. do anything to help Russia?"

Grant had the highest praise for the initiative exercised by President Nixon in his trip to China. "When a statesman in the world takes a new step everybody looks up," Grant declared.

Since World War II, Russia has been exercising the initiative and the U.S. has been reacting, Grant stated. He said in 1969, the American government through the President was disappointed at getting no help from Russia in settling the Middle East and to close the trouble in Vietnam and "in the summer of 1969, the President began listening to see if China would say a word but China was shut out."

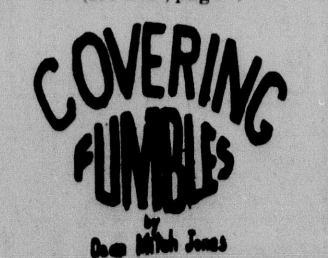

"Now a window has been opened and there is communication instead of rejection," Grant pointed out.

"The United States is not turning to China for help and is not

rejecting Russia but is turning her face away to talk to someone else," Grant declared.

Grant stated Russia would like China and the United States to be apart and this is another reason why President Nixon showed initiative, Grant explained.

China is against Russia but not because of the United States (see U.S., page 7)

Jon Green, Mike Podzemny Named Cage All-District

Shooting ace Jon Green and Mike Podzemny were named to the District 1-AAA all-district squad, while James Johnson received honorable mention in voting by the district coaches.

For both Podzemny and Johnson, it was the second sport this year they were named to the mythical team, as both cagers were named earlier to the district grid team. But Green was one of two that were elected to the elite cage team by a unanimous vote. Levelland's Grant Dukes was also a unanimous selection.

Green was the Eagles leading scorer during the year bucketing 20.6 points per game and 10.7 rebounds per contest. During district competition, Green sank 18.7 points a game.

"I feel like Jon was very deserving of the award, and I am very happy to see that he was a unanimous selection," said head basketball Coach B.B. Kendrick.

Podzemny, a repeater from the last year's top cagers, was the premier scorer for the Eagles during district competition, as he hit 19.8 points a game during the loop play. Podzemny canned an average of 20.3 during all of the season's games. He picked off about 10 cars a game.

"Pod was a unanimous choice for all-district honors last year. Although he wasn't this time he played a more important role during this season. He had more

pressure on him this year and the team looked to him for leadership, which he provided," Kendrick said.

Both Green and Podzemny served as captains for the Canyon quintet.

Levelland and Perryton dominated the all-district balloting, placing three men each on the 12 man squad. Usually 10 men are named to the all-district team, "but we just couldn't narrow it down that much this year," Kendrick said.

Election Deadline Is Today

Filing deadline for three local elections is today at 5 p.m. and the only contested races thus far filed will be for the Canyon Independent School Board.

Three positions will be open for election on the school board, two are three-year terms and the third is a one-year term to fulfill the unexpired term of J.O. Parker.

Candidates who have filed for the three-year terms are two incumbents Dudley Moore and Walter Graham, and Mrs. Pauline Hefley.

Moore is president of the trustees board now.

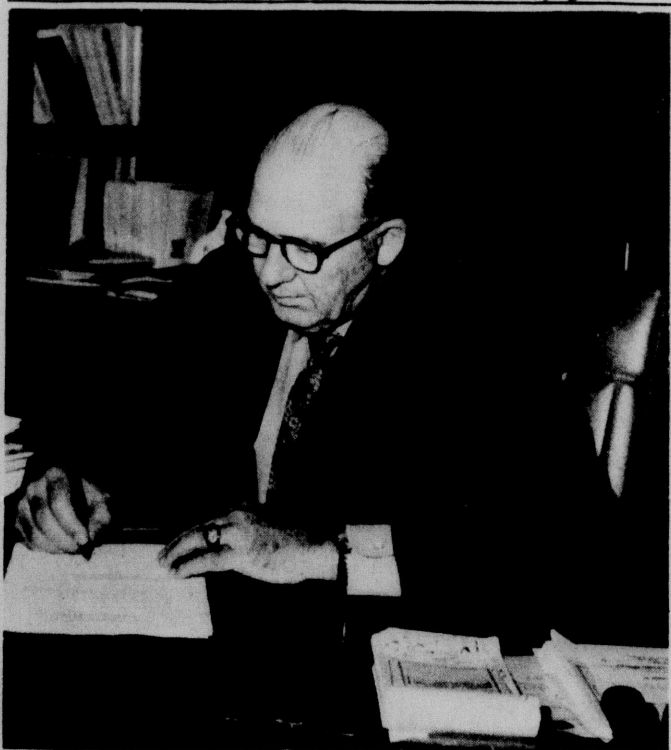

Those who have filed for the one-year term are Richard Pruett, Dr. Hiram Carr and Dick Flenniken.

In the city commission race, three incumbents are the only ones who have filed so far, according to assistant city administrator Glen Metcalf.

Those include Mayor Manly Bryan, and commissioners H.R. Fulton and Jim Christopher.

Three South Randall County Hospital Board members have filed for reelection also. They include Mrs. Nolon Henson, Raymond Batenhorst and Floyd Tomlinson.

Election for all three races will be April 1.

Randall County Judge Woody Pond signs a proclamation announcing Canyon High School Girl Eagles Week in the county. Ceremonies will be held at 4 p.m. today on the courthouse lawn in downtown Canyon honoring the 1972 State Champions in Class 1-AAA. The public is invited to the celebration.

Evaluation Committee Views Metro Squad Unit

An evaluation committee investigating the Metro Unit has recommended an on-going evaluation group for the two-county, city law enforcement agency.

Established by the Panhandle Regional Planning Commission, the committee consisted of representatives from West Texas State University, the cities of Canyon and Amarillo

and the counties of Randall and Potter.

City Commissioner Jim Christopher, County Commissioner Jim Fletcher and WTSU vice president T. Paige Carruth served on the evaluation committee representing the three entities involved from this area in Metro operations.

County Court Hears Report

Justice of the Peace W.A. (Bill) Wilson appeared before the commissioners court Monday with reports on courthouse maintenance problems.

The court also authorized Judge Wilson to purchase docks for his office and for the office of Justice of the Peace W.W. Hancock at a cost of \$157.30 for the first docket and \$100.75 for each additional docket.

Judge Wilson reported to the court on the installation of telephones in the tax office, and on ceiling repairs for the courthouse.

The court approved the hiring of Richard L. Hanna for the tax office to replace an employee who resigned.

The court reappointed Dr. Dudley Moore as Randall County Health officer and gave authorization to return land (See COUNTY, page 7)

FROM THE CANYON RIM

It galls me to hear H.M. Baggarly of the Tulia Herald referred to as a newsman. About the only thing that would qualify the Tulia scribe for this title is the fact that he runs a newspaper.

I had always thought of a newsman as a gatherer of facts which put together constitute news. There is little evidence in Baggarly's paper that he does this.

Baggarly decries hate while he is the Panhandle's leading purveyor of hate.

Two weeks ago in his column Baggarly openly threatened to use his newspaper on just about anyone in Tulia who does not toe the line according to the dictates of Baggarly's conscience. Few real newspapermen could read this without having their gorges rise at the thought of ANY newspaper being used for the outright intimidation of an entire community.

Baggarly presently is using his newspaper on the Swisher County Hospital. Although his references are vague and oblique, the Tulia editor — if you can call him that — appears to be angry because one of his friends finds himself in the toils of the law and he apparently thinks someone connected with the hospital helped to put him there.

The ultra liberal Tulia editor even lapsed into profanity in de-

scribing the Tulia men and women who seem to be objects of his wrath.

I talked to the administrator of the hospital at Tulia and was told that Baggarly does not cover meetings of the hospital board upon which he is venting his spleen in the crudest manner.

This would seem to relegate much of Baggarly's information on the supposed shortcomings of the board to the realm of hearsay. A sorry state of affairs indeed for a man who postures as a great "Country Editor."

In fact, most of Baggarly's information about his own community would appear to be hearsay since the Tulia editor himself says he doesn't cover meetings of the school board, city commission or county commissioners court.

I contend that if any of these governing boards or commissions have fallen short of their duties most of the blame should fall on Baggarly himself. If coverage of their deliberations had been provided, the people of Tulia would know what they have been doing and would be in position to judge for themselves.

It's a shame that a town the size of Tulia is not provided with the news coverage it should logically expect.

Much of Baggarly's column which has made him the darling of ultra liberals across the na-

tion is made up of what ever political excrement fellow liberals happens to step in and pass on to him that week.

Last week Baggarly blasted Dolph Briscoe, candidate for governor, for protesting school taxes in a school district in which Briscoe owns property.

He tries to make Briscoe look like some type of monster for putting the school district over the barrel.

With typical Baggarly reportorial acumen he offers not one shred of evidence to show that Briscoe was not absolutely justified in protesting the taxes.

Each week the Tulia editor offers his column as the "Word of God according to H.M. Baggarly." In the last few weeks a lot of people who once supported him are beginning to wonder if Baggarly's verbal offal might not come from the reaches of a much lower and possibly much, much more "torrid" climate.

We are about to enter into a love Red China era as a result of Nixon's visit.

This reminds me of the days following Pearl Harbor when we were placed on the same side of the Red Army that butchered Finland.

I remember a national magazine carried a story entitled "How Red is Russia?" which was nothing more than an apology for Joseph Stalin.

Did Russia change?

Listen to Nikita Krushchev in later years:

"A shrimp will whistle before we change the goals of international communism."

"We will bury you."

We have since seen the Berlin Wall, the rape of Hungary and the brutalizing of Czechoslovakia.

I doubt that the Nixon visit will change the Red Chinese much for all our hopes.

We will leave Southeast Asia and then it will be up to Japan to contain communism there. Unleashed and encouraged, Japan can do it but who is going to contain Japan when she emerges a giant in the Far East 10 to 20 years from now.

There's not much to indicate that Japan's objectives have changed much since they launched the sneak attack which catapulted us into World War II thirty years ago.

I got a letter this week from a former inmate of Randall County jail who said 20 years in prison is more than enough for murder.

The tenor of his letter was that he was mistreated in having to spend a night in jail. There was no show of remorse for what he must have done to put himself behind bars.

Typically, as he pleads the cause of the murderer, the writer who did not sign his letter, expressed no sympathy at all for the murdered or his family.

Demo Headquarters Open Thursday

The Randall County Democratic Headquarters will formally open at 6:30 p.m. Thursday.

The opening will be hosted by the West Texas State University Young Democratic Club, according to Barry Wall chairman of the Headquarters Committee.

Representative Ben Bynum, of Amarillo will speak at the affair.

All interested persons are invited to attend, Wall said.

Canham To Give Lectures

Erwin D. Canham, editor in chief of the Christian Science Monitor and a special representative to several U.S. presidents, will deliver the 26th Willson Lecture at West Texas State University next week.

He will speak on "A Search for the Real Issues" at 10 a.m. Monday, 9:30 a.m. Tuesday and 11 a.m. Wednesday. The lectures will be in the Activities Center ballroom.

Canham, born in Auburn, Maine, the son of a part-time farmer and weekly newspaper publisher, received a bachelor's degree from Bates College and the same year became a reporter for the Monitor.

He took a three years' leave of absence to study as a Rhodes Scholar at Oxford, England, and received Bachelor of Arts and Master of Arts degrees there. He holds honorary degrees from 27 colleges and universities.

Between college terms at Oxford he was an assistant correspondent for the Monitor at the League of Nations assembly sessions in Geneva. In 1930 he covered the London Naval Conference and began service as the Monitor's Geneva Correspondent.

From 1932 to 1939 he was chief of the Monitor's Washington bureau. He was transferred to Boston, headquarters of the Monitor, as general news editor and in 1942 was named chief editorial executive.

Canham has received appointments to several commissions and boards from U.S. presidents. In 1948 he was vice-chair-

man of the U.S. delegation to the United Nations as Conference on Freedom of Information at Geneva.

The next year he was an alternate U.S. delegate to the United Nations General Assembly. In 1970 he was a member of President Nixon's Commission on Campus Unrest.

Canham was elected president of the Chamber of Commerce of the United States in 1959. Then in 1966 he was elected president of the Mother Church, First Church of Christ, Scientist, in Boston for a one-year term.

He is a past president of the American Society of Newspaper Editors and a former chairman of the National Manpower Council. He is a fellow of Sigma Delta Chi, professional journalism fraternity, a member of Phi Beta Kappa, national scholastic honorary fraternity, and of the Association of American Rhodes Scholars and is a 33rd Degree Mason.

The Willson Lecture was started at West Texas State in 1947 by Mr. and Mrs. J.M. Willson of Floydada. They also provide funds for similar lectures at educational institutions in Arkansas, Kansas, Texas, Nebraska, Louisiana, Tennessee and Oklahoma.

In 1960 they received the Special Freedom Leadership Award from the Freedoms Foundation of Valley Forge.

Mr. and Mrs. Willson were graduated from Southwestern University at Georgetown, Tex., and have received honorary doctor's degrees from McMurry College.

Lake To See Boaters

BY SUSAN DOLLE

WEATHER PERMITTING, Buffalo Lake will see its first boaters in a long time this Sunday. Paul Ferguson, refuge manager, said that the lake will be open for water sports. Last Sunday, motorcycle enthusiasts were in abundance along the water's edge. They are reminded,

however, that while on the refuge, they must use public roads only, have a license for driving, and must use all safety gear. The whole refuge is not available for cycling.

IT IS GOOD to see the usable water again. Maybe March will be enough to increase the size of the lake. It will be another year before fishing can be permitted; the fish are there, but they have to grow first.

A COMMUNITY MEET-

ING for members of the Farm Bureau was held last Wednesday night in the Umbarger school lunchroom. A member of the Extension service presented a program on Cattle Nutrition using Wheat Grazing. Approximately twenty-five members re-elected Joe Wieck and Anton Hollenstein as community representatives to the Farm Bureau.

OFFICERS OF THE Catholic Life Insurance Union, Branch 54, Umbarger, attended an area meeting in Plainview last Sunday. They heard presentations by Arnie Schroeder, San Angelo, trustee of the insurance group, and Tom Acker, Nazareth, district supervisor. A steak supper following was enjoyed by Mr. and Mrs. John Wieck, Mr. and Mrs. Dennis Brandt, Mr. and Mrs. Carl Kleuskens, and Mr. and Mrs. Don Dolle.

HOW MANY LETTERS have you received in the mail concerning political functions? No doubt many more will be coming before the May primary. One letter that came to us made a good point. Everybody in the state of Texas knows who is running for governor but the odds are that the next person you see will not know who is running for House and Senate seats in this district. Now who is it who makes the decisions about many of the important things that affect our lives? The Texas legislature, not the governor, who at best can use only his personality and qualities of leadership to get what he thinks Texas needs, decides issues like criminal law reform, drug addiction, education, abortion, pornography, poverty and welfare reform and many others.

SINCE THE REPRESENTATIVES and senators come from a smaller geographic area, they must be in tune more with the people who elect them. Now is the time, before the primary elections, to listen to the candidates and come to know their positions so that you can decide which one closest resembles your own thinking. The candidates need to know too, what you want expressed in Austin. If you don't take this opportunity, things will happen in Austin next year that don't express your views. The group called "they" which everyone fusses about and no one knows its identity will control all that goes on within our state.

IT IS A bother to be interested in the political scene, but we have to make it our scene too.

Palisades Palaver

Injuries Plague Palisades Residents

BY VICKI HOOKER

THIS HAS NOT BEEN a very good week for the feet of some Palisades residents. Last Friday afternoon in Connor Park in Canyon, Jonita McDaniel, daughter of Mr. and Mrs. Bill Tucker, fell from a horse and broke her left foot. Luckily that's all that was injured.

SUNDAY AFTER-NOON my husband, Randy, was chasing his brother Stan, and tripped or something, and

sprained his left ankle. With the help of a size 10 1/2 pan and some Epsom Salt he'll probably be back to normal in a few days.

ONNIE AND ESTELLE Atkinson are our "family of the week" this week. They have lived in their Palisades home, which Onnie built, for 10 years. They have one daughter, Mrs. Jerry (Louise) Elliott, and two grandchildren; Brenda, 6, and William, 3. Louise and her family live in National City, Calif., a suburb of San Diego where her husband is stationed in the Navy.

ESTELLE RETIRED from a nursing career about five years ago, and at present is enjoying being a housewife. Onnie drove a bus for Continental Trailways for several years, but he is now a self-employed carpenter. He has switched from driving a bus to doing occasional building maintenance for the bus company.

ONNIE, OF COURSE, enjoys building and Estelle's hobbies include ceramics and crocheting. They both enjoy yard work, and the ground around their home certainly proves it. Many of us would enjoy having a smooth, level road in front of our homes like the one the Atkersons have. Why, I'd vote for Onnie for road commissioner any day of the week!

Ken Kendrick, former vice president of the First National Bank of Canyon, has become vice president of the American National Bank in Amarillo.

Kendrick, who was with the local bank three years, will be in charge of the agri-business development in his new position. He and his wife Patsy and son Kyd will remain Canyon residents Kendrick said.

He is an American High School and a West Texas State University graduate.

ber and at the time the attendance was about 40-50. Onnie said that two weeks ago the attendance was close to 140. He and Estelle really do like the non-denominational services there, and they say that the people in Tanglewood extend an open invitation to anyone wanting to attend. The dress is casual (no ties and some women wear pantsuits) and services begin at 9 a.m. on Sundays in the Tanglewood Club.

AFTER A SONG SERVICE, a retired preacher, Hugh Robertson, preaches and reads scriptures. Onnie suggested that anyone wishing more information about the Lake Tanglewood church services should call Gene Klein, Jr. who lives in Tanglewood. His number is 622-0810.

ONE MORE THING about the Atkersons. I had just met Estelle maybe two or three times and had never really visited with her until the other night over the phone, and I had never met Onnie (I thought). While visiting with Estelle she said that Onnie knew me. This of course, came as a surprise, but then she mentioned that he had driven a bus. I remembered! How could I forget such a kind, understanding man who had been so patient when driving 120 screaming monsters to Enid, Okla. for a band festival? Yes, he was just great as a bus driver, and I'm delighted to know he is a neighbor. Small world, eh, Onnie?

REMEMBER THAT LIST I told you we were getting together? Well, more than enough copies are in Lum Edwards' posses-

sion, thanks to Laverne McGaha who ran them off for us. What Lum will do with them now is still a mystery, but I'll let you know as soon as he lets me know.

HOME DEMONSTRATION CLUB members met at Lorraine Inman's last Thursday for a luncheon and some craft demonstrations. After a scrumptious meal, Judy Detten demonstrated the foil craft, and Jodel Walker spent her time getting her crock to crack. Now I know that sounds odd, maybe even obscene! Let me explain. She had an old, old crock which she intends to convert into flower pot for her kitchen. She wants the outside to look as if it is cracked so she used a paste-like substance called "Crackle Aid" to get the effect. Maybe she will

have it finished by today's meeting at Judy Detten's on the Claude Highway so we can all see how a crock looks when it's cracked.

ARLENE HOOKER entertained guests last weekend when her daughter Debbie brought home her boyfriend, Gary Black. Gary is from Olney and is a junior student majoring in accounting at Texas Tech. The two have been dating since the first of this school year, and though neither of them has said anything yet, we're all hoping that wedding bells may be ringing for them in the not-too-distant future.

DEBBIE'S BROTHER, Mike was not trying to prove how tough his 185 Suzuki was last Monday afternoon when he ran

into the back of a pick-up. The driver gave no indication that he was going to turn and if Mike had been going any faster he may have gotten a free ride in the bed of the truck. Luckily Mike was not injured, and the cycle suffered bent handle-bars. Take it easy Mike!

I SAID THAT I couldn't beat 'em so I decided to join 'em. Sunday I made my debut on a motorcycle. A little Honda mini-trail. No one gave me any in-

struction, they just said "get on and ride." So I did. And I had no sooner let out the clutch when I found myself and the bike climbing the right front bumper of our car! Well, no one told me to turn the little monster towards the road!

THANKS TO DOUG Moore, seven year old son of Mr. and Mrs. Jarriel Moore, now we all

know how many licks it takes to reach the center of a tootsie-roll Pop. Doug experimented for about one hour and discovered that it took 1,402 licks to reach the center of his yellow sucker! When asked if his tongue got tired he said, "No, just yellow."

HAPPY BELATED birthday to Lum Edwards whose birthday was on the 20th.

First High School Computer Training Begins In Texas

Approval of a four-year pilot program to provide teacher training in computer information systems at the high school level was announced today by West Texas State University.

The Texas Education Agency approved the program along with teacher certification in the same academic field.

"It is the first such teacher certification program in computer information systems in Texas," said Dr. Roland Johnson, head of the WTSU business education and office administration department.

The program goes into effect next fall.

"The need for such a program was initiated by the Texas Business Teacher Education Council in response to the development at the secondary level of various data processing, automation and computer related courses," Johnson said.

Such programs began in Texas high schools in 1966 with only 110 students enrolled, he said. Six years later the number of students enrolled in data processing programs in high schools had risen to 1,867 in 25 cities.

Cities which have high schools teaching data processing courses are Abilene, Alvin, Amarillo, Austin, Baytown, Beaumont, Bryan, Cisco, Conroe, Dallas, El Paso, Fort Worth, Freeport, Galena Park, Galveston, Hillsboro, Houston, La Porte, Midland, Pasadena, Rosenberg, San Angelo, San Antonio, Stafford and Victoria.

Johnson said these secondary level programs have not been taught by teachers certified in computer information.

The West Texas State program will include 24 semester hours of computer information courses such as principles of computer and information systems, techniques of computer programming, several programming languages, computer systems development and design and computer center management.

Tidbits here and there

BY CAROL CRAIN

SOS, MAYDAY! ETC. The decorations committee for the Chamber of Commerce banquet needs an assortment of bottles — disposable soft drink bottles, clear wine bottles, grape or apple juice bottles, or the like.

Doris Martin, Frankie Swartzell, and Mattie Moreland, are making around 75 candles for the tables. (You may take the bottles to the Ticky Tacky Shop on the square.)

The bottles are cut with a machine designed for that purpose, then candle wax and a wick is added to the glassware and finally the holder is covered in papier mache.

Colors for this year's banquet are red white and blue.

GET YOUR TICKETS from David West or Virginia Cotton. Frank Gifford will be the guest speaker and the Chamber would like to see a big crowd attend the affair on March 9th.

Tables will be set for 8 and 10 people, so invite some friends (in or out of town) to hear Gifford and come!

ALOHA!! To those going to Hawaii on the WTSU sponsored trip.

Included in the list are Mrs. Mary B. Weeks, Mrs. T.H. Knighton, the H.W. Burrus, Mrs. A.K. Goodman, Mrs. Hugh T. Greiner, the Jack Walkers, Rebecca Haley, A. Scott Johnson, Mrs. Ines Cataldi, Gladys Haines, Mrs. Mae Johnson, Mrs. Audrey H. Sanders, Mrs. W.L. Smith, Sandra Nelson, David Acker, Ricky Leatherman, Robert Valdez, the Foster Harmons and the Sy G. Elliotts.

YOU MAY STILL go to Hawaii on the same flight according to Jim Holstop, program director at the Activities Center.

Yes, Jim said that any others who would like to go to the islands for 8 fun-filled, sun-filled days (March 26 through April 2) for \$275 days may do so. Call him at 656-2296. They will keep the trip open until the plane is filled, but hurry.

THIS WARM WEATHER of late is a reminder that hot pants will again be seen on the fashion market for summer. They may be worn with halter tops, or knits.

There are also "warm" pants coming in — they are a bit longer than hot pants.

And, remember red, white, and blue is in as well as the gay garden colors.

A COUPLE OF "Mixers" at parties are: (1) making a list of ten items about a person, (birthdates, anniversaries, middle names, uncles' names, state or city of birth, etc.) then each is to find someone at the event that matches one or more items with them.

Another (2) is to put the name of a famous person on a person's back. He is to show his newly obtained identity to someone else and ask certain question until he guesses who he is. (Raquel Welch, Tricia Nixon, Hubert Humphrey, Jesse James, etc.)

A HAIR DESIGN seminar is scheduled at WTSU Monday evening March 13. Ronnie Crawford of Atlanta, Georgia will return to the campus to discuss fashion trends and change some of the coeds' looks via hair design.

Last year the event was very interesting and this year even more people are sure to turn out.

The event is being sponsored by the Fashion Board at WTSU; Sandy Fowlkes, chairman.

Tickets will be on sale at the door.

THIS MONTH IN Texas there will be the Ward County Livestock Show in Monahans (1-4) the Livestock Show and Rodeo in Houston (1-5) the International Spring Fiesta at McAllen (1-5), the Lower Rio Grande Valley International Music Festival also at McAllen, the Border Olympics at Laredo (2-4), Greyhound Racing at Juarez Thursday, Saturday, and Sunday weekly across the Border from El Paso.

Dr. Young To Speak At WT

Dr. Arthur W. Young, professor emeritus and former head of the department of agronomy Texas Tech University, will speak on the agriculture of Argentina March 6 at West Texas State University. Dr. Young and his wife will present a program at 7 p.m. in Room 216 of the Activity Center. The program is sponsored by the Plant Science Club at WTSU.

Dr. Young and his wife spent two years in Argentina and will show slides of the country, according to Dr. Ronald Thomason, associate professor of plant science.

No admission will be charged and the public is invited, Dr. Thomason said.

Other events this month include the Texas State Golden Gloves Tourney at Ft. Worth (2,4,6), First Monday Trade Days at Canton (5-6), the Mineola Color Trails (dogwood, redbud, crimson clover and Indian paintbrush) at Mineola March 7 - April 14, an Antique Show and Sale at Wichita Falls (9-11).

THESE AND LOTS of other tidbit information on travel and numerous sights are available at the Canyon Chamber of Commerce.

So, check with them before your next jaunt.

TERRARIUMS, those glass enclosures discussed in a previous column, are getting more and more unique.

Mrs. Larry Brandon's terrarium is a large distilled water bottle with a cork in the bottle mouth.

Harriett has about three different kinds of vegetation growing in the bottle, which sets as a decor piece in her den.

(You remember that the moisture inside is enough to sustain the plant life and needs to be watered only about twice a year.)

THE MISS CANYON pageant will be held March 11, members of the Canyon Study Club and the entrants will appreciate a full house for the event, I'm sure. The pageant is set for 7:30 p.m. at the CHS auditorium.

COLUMNIST CAROL HIGLEY of the Childress Index reported in a recent column that the world's best seller is of course, the Bible, (printed in 1,280 languages). The second best seller non-fiction is "Quotations from the Works of Mao Tse Tung" with 330,000,000 copies sold or distributed between June, 1966 and March 1967.

The next best selling non-fiction book is "The Common Sense Book of Baby and Child Care" by Dr. Benjamin Spock.

The novel with the highest sales has been "Peyton Place", first published in 1956 and written by Mrs. Grace de Repentigny Metalious. Second best seller is "Valley of the Dolls" by Jacqueline Susann. "Neither is a shining example of good literary taste, is it?" she quips.

A deltiologist is a picture post card collector.

THE JESSE POWELLS are back in Canyon. Jesse, you remember, is a former WTSU grid-star who shared in the Super Bowl money as a member of the Miami Dolphins.

His wife is the former Jill Jarnagin of Canyon.

A SPRING-TIME OR summer luncheon idea for mothers with small children is one from Penny (Mrs. Ben) Bynum's file.

Penny will, on occasion, call some of her friends and invite them (and their children) over for an outdoor luncheon in the Bynum's immaculate backyard.

Each brings a sandwich or light lunch and Penny furnishes the drinks, dessert, and potato chips.

The youngsters have a chance to play with each other, swing, or play games and their mothers have a chance to chat.

DOWN THE HATCH is one of the clever specialty houses in Underground Atlanta, Georgia, an out-of-town friend reported to me this week.

Underground Atlanta is just like "old town" in several other cities and features interesting little shops and a gas lite main street. You park your car above ground then descend.

At the Down the Hatch one walks downstairs to a dock where you can see a ship, "You would actually believe you were at a seaport", my friend reports.

At the location beverages are served with an assortment of cheeses and crackers.

ALSO IN ATLANTA is a little hot dog shop called the Chew N' Chat. Grandma's Biscuits (where a delightful breakfast or snack is served for a small price) and the "world's largest hamburger stand (which covers a city block or more).

VIP RECIPE FIND: Mrs. Ben Barnes relates in her cookbook: "an old-time family favorite from my grandmother's cookbook".

Cheese Squares
2 sticks margarine, melted

1 1-lb. box dark brown sugar

1 c. pure cane sugar

4 egg yolks

2 t. baking powder

4 egg whites

2 c. flour

¼ t. salt

1 c. chopped nuts

1 t. vanilla

powdered sugar

Blend melted margarine, dark sugar and cane sugar. Add beaten egg yolks and beat well. Sift flour, baking powder and salt together; add to creamed mixture. Fold in nuts and vanilla. Beat egg whites until stiff; fold into creamed mixture. Batter will be very thick. Spread batter in greased and floured 9" x 13" pan and bake at 350 degrees for 30-45 minutes. When done, sprinkle with powdered sugar. Slice when cool.

Her footnote reads: "Ben and I were so pleased when the old Driskill Hotel was saved. The Austin Heritage Guild took over the coffee shop and open the "1886 Room" and when they asked me to give a recipe, I remembered this one, which I found penciled in the front of my grandmother's cookbook, entitled "Mrs. Curtis Cookbook-New Edition, published 1908."

OTHERS ON THE Red River slopes with the group from the First Christian Church were: Mark Bentley and Kyd Kendrick.

Committeemen on the standing evaluation group will be the same members who evaluated the Metro's first year, according to Christopher. They include Jack Driskill, chairman, Swisher County Judge, and Clay Briggs, city commissioner in Amarillo, plus Christopher, Fletcher and Carruth.

"We feel the evaluation committee will be helpful by looking at the Metro Unit regularly during the year rather than waiting until the end of each year," Abernathy explained. "If the committee has suggestions they can be made all during the year."

Christopher noted each committee member will work closely with the representative from their entity to the Metro Unit Board of Governors. Presently, the chiefs of police for both counties and head of security at WT, make up the board of governors.

States, he said. The cultural revolution was launched by Mao Tse-tung in order to prevent communism in China from following the Russian example of developing superior hierarchies, Grant declared.

The Russian revolutionary development under Stalin and since has developed more and more the characteristics and weaponry of a great power and Russia exercises "power politics" and has introduced "imposed" communism in the countries of Eastern Europe.

The communist leaders in China, Mao Tse-tung and Chou En-lai, realize that communism cannot be exported from one country to another, Grant stated.

thems, with these agencies being utilized to some extent by Canyon residents.

The Salvation Army of Amarillo gave aid to 150 Canyon families last year, he declared. Matthews said these families were either transients or quasi-welfare recipients. He was of the opinion that Canyon would have had more requests for aid from these families if Amarillo had not had the Salvation Army.

Fifteen children from Canyon were treated at the Killgore Psychiatric Center last year, Matthews stated. The center serves the mentally and emotionally disturbed and 15 children is considered a high ratio, Matthews said.

The Family Counseling Center served 30 families in Canyon with marital problems or some problem with children last year, Matthews said. Matthews said the cost to the taxpayers for a divorce averaged about \$2,000 a case and Potter and Randall Counties divorce rate was higher than the national average.

Nineteen children from Canyon attended the Amarillo Day Nurseries last year, Matthews declared. The cost for the nursery was from 25 cents to \$3 a day, depending on the ability to pay, he said. Due to the services of the nursery, the mothers are able to make their own way, Matthews stated.

The YWCA in Amarillo had 350 residents of Canyon utilize their facilities last year and the Red Cross in Amarillo received five to seven telephone calls a day from Canyon residents even though Canyon had its own Red Cross, Matthews stated.

The Big Brothers of Amarillo, Inc., is starting a new program in Canyon using West Texas State University students as Big Brothers. There are now five boys in Canyon who have Big Brothers and the organization is now screening applications from volunteer students, Matthews said.

Five children from Canyon were served by the Children's Rehabilitation Center, Matthews pointed out. The center serves a total of 103 children from a three-state area, he said.

Matthews stated the Amarillo Council on Alcoholism had 15 people from Canyon seek aid last year. The council sponsored two drug programs at Canyon High School with 210 students participating and two conferences at WTSU for the public and graduate students with 110 participating, Matthews said.

Operation Drug Alert has had 26 calls from WTSU students requesting crisis assistance in the past three months and 31 other calls from other Canyon residents, Matthews stated.

Seven referrals to Operation Drug Alert were made by Canyon school counselors and two from the Canyon Police Department Matthews reported.

Six people from Canyon are now using Kairos House, a part of Operation Drug Alert, with some regularity. Matthews declared, and the agency is now working with WTSU for greater utilization of the facility and using graduate students as volunteers.

The Adoption Service and Counseling for Unwed Mothers served five residents of Canyon last year, Matthews said. He stated the number of adoptions have been dropping in the past few years due to birth control and abortions. He said, however, the number of people going to psychiatric centers in need of post-abortive counseling was rising.

Five children from Canyon attended the Speech and Hearing Center in Amarillo last year and part of the staff teaches at WTSU and conducts testing clinics in Canyon, Matthews declared.

The people who use all of the agencies pay contingent on their ability, Matthews said. "The United Way is not a hand-

They believe the whole world needs communism and are sympathetic to it but they do not try to impose it because it is impossible, he said.

"They want to see communism develop but they believe it can only come from the people on the inside," Grant stated.

He said China is helpful in Vietnam and in Africa but she does not push communism at them.

When Russia cut off her help to China in 1960, China decided she must stand on her own two feet — one foot being the immense territory of China and the other foot, China's 800 million people, Grant said.

"Mao believes people are more important than weapons,"

Grant declared. China is very strong inside her own boundaries and would be strong if others attack her but she would not be strong for aggression outside her boundaries, Grant explained.

"The image in America for the last 25 years has really regarded China as enemy number one, as sinister and aggressive," Grant said.

The image of China has already changed, Grant stated, in the world and more so in the United States since it was established the President was going to visit China, he declared.

"As soon as it was clear the President was going to visit China, the nations voted China into the United Nations," Grant

pointed out.

Grant said he thought there was more discussed between President Nixon and Chou than was released in the official release.

Grant said he didn't think much would be heard about trade with China and he did not think the trade was very important or would happen quickly.

"China is very self-sufficient and doesn't want to become opulent like the U.S. society," Grant said.

"One of the essential points Chou En-lai makes is that China must be clearly recognized as China," Grant said.

He said he thought Taiwan would join China quietly and certainly without violence. "A

good many elements will be disquieted by this fact and it will be a bit of a blow to Japan who has investments and much at stake in Taiwan," Grant said.

"Chiang Kai-shek is 84 and I think an arrangement will come," Grant declared.

Grant said he thought the initiative of President Nixon and the fact that China is responding to the initiative is the most important outcome of the China visit. "This is an affirmative policy rather than a negative policy and the whole world is watching," Grant stated.

He said this was good for United States prestige which was low in the world.

Grant is an honor graduate of Edinburgh University and a polylingual world traveler. Shortly after World War I he became a prominent figure on the international scene during the renewal of Europe.

He began the World University Service and pioneered the WUS in Russia. In 1933 he attended the World Disarmament Conference and was interpreter for Albert Einstein. During World War II he lectured for the British Ministry of Information and following the war worked for the American military government in Germany.

amount by the deadline."

King said the meeting Monday night was to review the amount of money thus far collected and the participation of band students toward the trip.

A survey of parents who would allow their child to attend the festival and help finance the trip was made several weeks ago by band parents.

"The amount of money we have collected, and the participation both were determining factors in cancelling the trip," the director declared.

After the tea, Hoss slipped and fell in a service station driveway and broke his hip. He has been confined to Central Plains Hospital in Plainview since that time. Those who know Hoss will want to know this and that he is occupying Room 203.

Since I have become treasurer of Randall County Home Demonstration Council of Clubs, I have been continuously sorting out these people and their clubs in my mind. I will apologize for so great an error. The Pleasantview Club was hosted by Mrs. Jim Irlbeck, Mrs. Bill Head is their president. They are a most congenial group. Not one said a word at council Monday. It was a member of a Highland Club who brought this to my attention. I apologize three times.

See ya!

Litter Is Problem

Litter is a problem in Canyon say members of the Canyon Garden Club.

And they have vowed to help correct it.

According to E.L. Carmody, club member, the individual causes the litter, thus creating a problem for all residents of the city.

In a speech made recently to the garden club, Carmody said he was "shocked" the first time he drove through Canyon at the amount of "filth and litter" in the streets and vacant lots.

"One does not expect to see the depressing amount of litter along the highway and on vacant lots which is evident in Canyon," he stressed.

Carmody said people who are not classified as "trashy" commit little acts of heedlessness which result in litter.

"Disposal of gum wrappers, bottles, cans and other people litter is done by many otherwise thoughtful persons," he declared.

The speaker suggested several solutions, in addition to individual attention to the problem.

"Dogs roaming the alleys carry much litter," he pointed out.

"And cans are not anchored down, so can be tipped over."

But he emphasized the problem is one of "being aware." He also mentioned the excellent training children get in schools.

"I have heard several teachers tell me that children are taught to be tidy and to be aware of litter. This may be one of the best things we can do."

Carmody, who has lived in Canyon two and a half years, said merchants should be aware of the litter.

When someone sells something in a container they should realize that container can be thrown on the ground as litter, and they should help keep the area clean," he noted.

He remarked the garden club will help any civic group in an annual drive to clean up, or will participate in any way to improve the litter problem in Canyon.

Trio Wins Talent Search

BY TOOTIE BYBEE

HI AGAIN from our little ole neighborhood to you wherever you might just happen to be. As I was calling around to find out what has been happening around abouts, about everyone was busy shoveling fertilizer, or plowing garden spots. Well, at least they are doing something! I know there are bound to be some good ole aching backs this week.

Steve Ross went down to Carlton with the FFA boys Friday and they returned Saturday. They didn't do too well this particular time, but I know they will in the future. They all did enjoy themselves and had a good time. Steve is the reporter for the FFA.

THE BLUE Birds are busy making Tote Bags for camping this summer. I thought what they were making them out of was about as interesting as could be. The legs from Mr. Whitehead's old discarded levis.

THE CAMP Fire Girls are preparing to go on their "Date with Dad" and also, are stating their plans for the Mother and Daughter Dinner they are going to have.

CONGRATULATIONS to Greg Jones on winning the Sectional Talent Search. This is sponsored by the Assemblies of God Churches in the State. He and his girl friend Beverly Parker and another young lady form a trio. They sang religious songs in a special arrangement. They will be traveling to Lubbock very soon to compete in the district competition. Good Luck!

THE L.J. TOWS, Monroe Carrs and Kiddoes all left Friday and went up to Ruidoso, New Mexico. They stayed at Sierra Blanca Ski Basin and skied and had a very good time. Jane and Jimmie Cowan from Jal. New Mexico joined them there. Jane is Ann's sister. They said the ski basin is located on top of a 12 mile straight up,

mountain. Sure wish I could have gone along.

THE LADIES Thursday Club met this week at Ann Tow's house. We served and worked the day away. We all enjoyed the great dinner and time together. We would love to have any of you other gals who can, come and join us. It's very informal and you're sure to learn something you didn't already know. (I mean Arts & Crafts wise).

MIKE HUDSON left Thursday and got back Sunday from Houston where he took in the Fat Stock Show there. He, of course, was covering it for the Quarter Horse Journal. Blanche said she didn't do any gadding around this week end as she was busy with her homework, making handbooks. The Leroy Evanses went to Petersburg this week-end to visit Barbara's sister and family, Melba and Bill McKew. They were hardly out of sight when they had company knock on their door. It was LeRoy's cousin from Hereford. So, I guess you can't win 'em all.

GREG JONES got a new car. It's a little Opel station wagon His Mom told me it was just about like a little toy car. It sure is cute and I bet Greg will really enjoy it.

TALKED TO Jo Ann Ross on the phone and wanted to remind all of the kiddoes with horses about the big show coming up. It will be April 30 at the Bill Cody Horse Arena in Amarillo. The judge will be Ralph Guest. It is open to any youth under 18 with any kind of horse. You may pick up your entry blank that morning. It will open at 8 and Jo Ann is the secretary and will be glad to assist you in any way. This is sponsored by the Panhandle Quarter Horse Exhibitors Association. Now don't forget about this, it'll be a great thing for you youngsters.

ARE YOU wondering about the new foundation poured this week next door to the Holmans?? Well, thanks to Mike Whitehead I can give you a little about the whole set up. The construction company Lyn-Lee, is

going to build about 30 new homes in our area over the next few months. This is the beginning of the project. They will have approximately 1300 square feet and sell for about \$18,000. If you have been planning to buy that extra lot next to you and have put it off...well, may be too late. Any Way won't we have just a batch of new neighbors!! Just thought you all might be interested in this little bit of information.

GLENN EVANS went to a slumber party at her church Friday night. It was her Acteen group and they had a real great time.

ONCE AGAIN I saw a lot of peoples out and around this week, just like to mention a few now and then. Saw Mr. and Mrs. Miner taking a stroll with their beautiful German Shepherd in tow. Saw Lori Lee Laird giving that, precious Boxer "Aggie" a walk around the park. I'm afraid that all our hopes of our Boxer and theirs being better friends were dashed when they walked by, they just didn't seem to take to each other. Saw Melinda and Mitch Moses jumping on the trampoline. Saw Tracy Gillis riding on her pretty new bike.

SAW TOBY Patterson and wife returning with motorcycles in tow from somewhere. Saw the Johnsons leaving in their pickup with their lovely matching horse trailer going somewhere. Saw sweet Mr. Flock out plowing gardens and digging post holes for friends and neighbors. We thank him so very much for digging the holes to put our trees in. It would have been a real job to dig that many by hand. Well, saw lots of activity and all looked like they were having a good time. It seems we have just about acquired a motor cross pit on the vacant lots off Mescalero up close to the McCormick gate. Saw just a bunch of cyclists having fun Sunday afternoon.

OUR "FEATURED" family this week are the Roger Whiteheads on 101 Trail. They were both born and raised in Amari-

lo. They have three little'uns (at present) Michelle 9, Roger Dale Jr. (Spooky) 7 and Rose Mary 1. They will have a new baby in June. Roger works at ICX and Mike is a homemaker. Mike is also the Blue Bird Leader for the girls here in the park. She is also a calm and effective help in times of great panic and will follow me into the great storms of life that always seem to be beckoning me and always manages to salvage a little of my soul and pride when I get in too deep. She's a great friend, and it's nice to have her to count on. I'm sending along one of her extra special recipes and I think you will enjoy it, it is quite different but very good!!

Gather Round Pound Cake
Melt together in double boiler.
16 oz. pkg. Butterscotch Morsels
2 T. instant Coffee
1/2 Cup Water
Cream Together:
1 Cup Butter
1 1/2 Cups Sugar
Blend in Butterscotch Mixture with creamed mixture.
Combine:
3 Cups Flour
1/2 t. Soda
1/2 t. salt

Add this to the creamed mixture alternately with 1/2 cup butter-milk. Add 4 eggs, 1 at a time. Beat at medium speed. Cook at 350 for 55 to 60 minutes. Cool 10 minutes before removing from pan. Mike says it looks lovely baked in a Bundt pan but you may use a tube pan as well.

THIS IS JUST a bit late but want to say it any way. Hope Gene Webb's ankle is all better and not quite as black. Seems Gene, Bobbie and Kiddoes went up to Santa Fe skiing weekend before last and on Sunday just before they got ready to leave he fell and sprained his ankle. Guess you might call that good timing, or bad as the case may be.

HOPE MY little friend Tammy Kelley is much better and up and at 'em. Hey, Tammy don't let it keep you down, we love you!!

MUST SIGN off now and will see you next time around. One Last Word: To Mike Whitehead: LTD could stand for Limited Edition. Any I never did know much about cars, you see what I'm driving don't you. It has nice initials to, VW. But I like Ole Herbie.

Laycock To Attend Seminars

Dr. Kenneth M. Laycock, vice president for planning and development at West Texas State University, is one of about 60 U.S. educators invited to attend a series of seminars in Europe March 6-27.

The invitation came from Phi Delta Kappa, national education fraternity, and the Center for the Study of International Education.

The seminars will be conducted in Leningrad, Russia, Tallinn, Estonia, Moscow, Sofia, Bulgaria, and Paris.

"Secondary schools and higher institutions will be visited with the idea of encouraging an international dimension in the thinking and decision-making of college administrators," Dr. Laycock said.

"The most eminent and world-renowned educators of the nations scheduled to be visited will participate in the seminar sessions," he added.

Dr. Laycock received the invitation nearly a year ago while still dean of the WTSU College of Education. He became vice president for planning and development last fall.

The American educators will leave New York March 6 and arrive in Leningrad the next afternoon. They will return to New York through Copenhagen, Denmark, March 27.

Patriotic Program Set

BY PAULINE HEFLEY

NOW AS YOU HAVE heard, Mar. 6 thru 10 is Texas Public School Week and although you always have an invitation to attend your children's classes at Gene Howe, here is a "special" invite to do so. The special week will be kicked off with a Patriotic Program for the P.T.A. on Monday night at 7:30, which is being presented by the third graders. Also during the week, the Canyon Lions Club will have their noon meeting on the 8th at Gene Howe and we extend a special "Welcome" to them. See you at the hill white school house on the hill — eh, what?

Congratulations to David "Spike" Coronado who, along with Ken Cooper, Andy Williams, and Mike Bur-

dett, received a "one" rating on quartet singing in the choir. David is an eighth grader at Canyon Jr. High.

JOHN AND BETTY DOZIER recently had Betty's folks, Mr. and Mrs. Oswalt as houseguests.

CONGRATULATIONS TO THE fourth grade basketball team (boys) under the supervision of George McCurry who won their game and will be playing at 6:30 this Thursday at James Bowie Jr. High. If they win that game then on to the finals on Saturday at 6:30 at Bonham Jr. High. Lots of luck to our good guys!!

OUR SYMPATHY IS extended to Mrs. Roy (Sherrie) Cates in the death of her sister, Mrs. Connie Sisk.

IF YOU HAVE A chance, you need to attend the tennis match this Saturday between that David Kent's team from West Texas State University and Eastern New Mexico University. The action starts at 2 p.m. on the WTSU courts — see you there? Then next weekend a really big one coming up — but more on that later. And, speaking of tennis — Canyon High will have its first match also on the 4th, also on the WTSU courts — isn't it convenient to catch both on the same day. Lots of luck to each of you.

DAVID AND JESSIE Coronado and Tonya and Ronnie Holt recently totted up to Angel Fire, New Mexico to ski — report a real good time.

MRS. BILL (RUTH) Clark and son, David, motored down to Byers, Texas (suburb of Wichita Falls) to visit with the Ruth's

sister, Mrs. Floyd Dowd and Ruth's mother, Mrs. Grace Hill. The reason for the excursion was the marriage of Ruth's nephew, Lynn Dowd. Also converging on the Byers clan were Mr. and Mrs. Paul Stach from Lake Dallas (Ruth's other sister and brother-in-law). On the way home Ruth and David stopped to visit with Mrs. Pete Hopkins and her son Terry in Clarendon (this is Ruth's sister-in-law). Then on home to the south forty. Ruth says Bill "didn't even miss 'em" — had the TV and dog while they were away.

SEED AND CLAUDIA Call had a "Sing-A-Long" last Friday eve — everyone just brings any kind of instrument they can play and they all get together and play and sing. Those getting together for the merriest were Linda and Charles Stafford, Jerry and Claire McMennamy, J.L. and Kay Riley, David and Jessie Coronado, Ronnie and Tonya Holt, Hank and Gail Litche, and Jimmy Holmes. Sounds like a fun time to me.

THE ANNUAL BLUE AND GOLD Banquet for the Scouts was held this past week at Gene Howe. The tables were beautifully decorated by each den. The 72-73 Charter was presented to the Hollywood Baptist Church. Those to whom special recognition was given were Carl and Willetta Johnson, Herbert and VonDean McGregor, C.O. and Scotty Hillman, and Rev. Bill Nolan of the Hollywood

Baptist Church. All these people graced the head table. Roy Cates was presented a special plaque in recognition to his contribution to Scouting and the date inscribed was 1969 to... Obviously they aren't thru with Roy and hopefully he will have many more years to be involved.

TROOP 180 PRESENTED the program. Those den mothers who continue to give of their time and talents are Mrs. Bill (Sara) Edwards, assisted by Mrs. Alton (Betty) Stokes, Mrs. William (Pat) Seth, assisted by Mrs. Richard (Wanda) Persall, Mrs. Ronnie (Jackie) Mayfield assisted by Mrs. Wesley (Louise) Brumley, Mrs. Sonny (Barbara) Dove assisted by Mr. Sonny Dove, and Mr. Pete Solbrig — in charge of the We-be-los.

COMMITTEEMEN FOR THE forthcoming year are E.W. Carlie, Sonny Dove, Billy Edwards, Johnny Hanson, James Nash, and Bill Seth, cubmaster. This committee is being chaired by Roy Cates. Thanks, all y'all, for endless hours in a real worthwhile cause.

DID YOU NOTICE WHAT that Jeanine Keith is sporting — a lovely engagement ring and the lucky young man is Bert Roanhaus — let you know the date later.

Y'ALL GET ME your latest happenings — 376-9853 or 352-2089. If you haven't done the magic word — its too late now for the school board election.....pmh

Band Cancels Vienna Trip To Music Festival

Public School Week Slated

Monday through March 10 will be Texas Public Schools Week and Canyon schools are planning special events to mark the observance.

Mayor J. Manly Bryan has signed a proclamation declaring the week the 22nd annual Public Schools Week and urging citizens to visit schools and become better informed about the local educational program.

Canyon High School will hold open house from 7 to 9 p.m. Thursday at the school and at the new auto mechanics shop on the Herford Highway. The shop is located near Poole's Farm and Ranch Supply, according to Principal John Sommer.

Canyon Junior High School plans an open house from 7 to 9 p.m. Thursday also. Two choir programs will be presented that evening. The school's learning disabilities classes will have open house from 7 to 8:15 p.m. Tuesday. On Tuesday, an assembly for the student body is planned, said Principal David Corley. Junior high students will compete in a spelling bee at 3 p.m. Wednesday.

Gene Howe School has set a patriotic program by the third graders for 7:30 p.m. Monday. Members of the Lions Club will have their noon meeting at the school on Wednesday said Principal Luther Lawless.

At Rex Reeves School, Science Fair entries will be on display all week in the annex. The exhibits are to be judged Friday. Third graders will have a program at 7:30 p.m. Tuesday and the sixth grade choir will sing at 7:30 p.m. Thursday. On March 10, the Kiwanis Club will eat at the school at 12:30 p.m.

Fifth graders will have their spellingdown at 8:45 a.m. Wednesday (see PUBLIC, page 7)

Mayor J. Manly Bryan makes Public Schools Week official in Canyon by signing a proclamation. Standing by is Jerry Jacobs, school superintendent.

Canyon Chamber Looks At Combined United Way

BY ELAINE PEEPLES

The Canyon Chamber of Commerce is considering joining the United Way of Amarillo and sponsoring a United Way campaign in Canyon.

West Texas State University is planning a full-scale United Way campaign this year and members of the Chamber of Commerce have discussed the possibility of a Canyon campaign with Jim Matthews, director of the Amarillo United Way.

David West, president of the chamber, said he felt a united university and Canyon campaign would strengthen the Canyon ties with the university. Working with the Amarillo

United Way would also strengthen the cooperation between the two towns, West declared, and open the way for better cooperation in the future.

West said the chamber would like to make a decision on the campaign by the end of April. And would like to have opinions on the campaign from the people of Canyon. The chamber also plans to show a film to Canyon businessmen on the United Way functions and then a decision will be made on the basis of the opinions of the people and the chamber members.

The United Way of Amarillo supports 25 agencies at the present time, according to Matthews (see UNITED, page 7)

Canyon High School Eagle Band trip to Vienna, Austria this summer has been cancelled.

The proposed trip came as a result of an invitation issued by the Westbrook Educational Foundation last spring inviting the Eagle band to compete in Vienna this summer in an international music festival.

Since June, parents and students have aggressively attempted to raise some \$50,000 to send the band and sponsors on the three-week trip.

As of Monday night when parents agreed the trip should be called off, the band had raised \$18,000.

Band Director J.W. King explained money raised by students at odd jobs and from sale of handmade crafts will be refunded to the individuals.

He mentioned an alternate trip will be recommended to the Canyon School Board of Trustees at the next regular meeting, which is Tuesday, Mar. 7.

King said once a specific trip is selected, a new budget will be arranged and each student will have a certain amount to contribute toward the trip.

Students have contributed some \$12,000 of the present \$18,000 to the music festival trip, according to King.

The band's invitation to Vienna was one of 50 issued to bands from the United States. The Eagle Band was made the official Good-Will Ambassadors from Texas by Gov. Preston Smith, and received donations and contributions from persons throughout the state.

"We will plan on another trip somewhere in the United States," King said Tuesday. "Lots of schools were invited to Vienna and they did not have the courage to even try. We tried to raise the money but we feared we could not raise the needed

Jon Green, Mike Podzemny Named Cage All-District

Shooting ace Jon Green and Mike Podzemny were named to the District 1-AAA all-district squad, while James Johnson received honorable mention in voting by the district coaches.

For both Podzemny and Johnson, it was the second sport this year they were named to the mythical team, as both cagers were named earlier to the district grid team. But Green was one of two that were elected to the elite cage team by a unanimous vote. Levelland's Grant Dukes was also a unanimous selection.

Green was the Eagles leading scorer during the year bucketing 20.6 points per game and 10.7 rebounds per contest. During district competition, Green sank 18.7 points a game.

Joy Williams

Joy Williams Named To Area Cage Team

Canyon High School's Joy Williams has been selected to play in the second annual Golden Spread High School Girls' All-Star Game in Amarillo March 25.

Miss Williams led the defensive team in last Saturday's state championship game that brought the girl Eagles the title for the second time in four years.

She was picked as an All State Tournament guard as a junior and this year she hauled down 11 rebounds in the finals against Rockdale.

The high school senior has paced the girls all season as they swept past competition toward the state tournament.

She was one of nine players from Panhandle towns that

played in the finals in the state tournament last weekend in Austin, who was named to the all-star game team.

Miss Williams will play for the West team.

City Permits Up In February

Building permits issued by the city during the month of February totalled \$73,550, according to building inspector E.A. Collier.

The February figure was a three year high for Canyon, and was nearly \$50,000 more than permits issued for January of this year.

Collier said last year in February, the city issued permits totaling \$53,100, and in 1970 the February permits amounted to \$61,000.

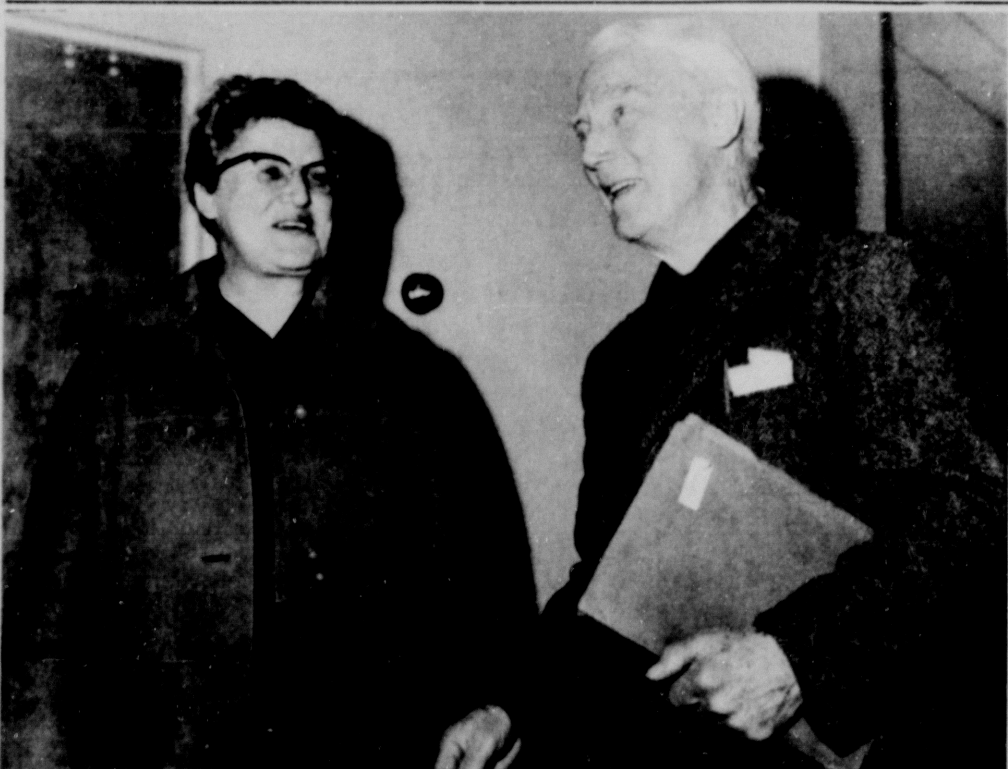

January figures showed \$25,500 in permits.

This year's permits were issued for two residences, two garages, one store house and one addition to a residence.

Tickets Going For C-C Affair

Some 400 tickets are still available to the Chamber of Commerce annual banquet scheduled March 9 at the East Cafeteria at West Texas State University.

Frank Gifford, famed television sports commentator, will be guest speaker and Canyon's Man of the Year will be named. Tickets are available at \$6.50 per person from any chamber board member or the Chamber office, or from Cordell Huddleston at West Texas State University or David West of the First National Bank.

U. S. Initiative Praised

BY ELAINE PEEPLES

International commentator Donald Grant said President Nixon's visit to China made him hopeful the United States will be able "to quit the continent of Asia."

Grant who spoke on the WTSU campus Monday and to students Tuesday said in an interview the United States wants out of Asia and the President's trip might provide a satisfactory exit.

"Hanoi is afraid of China and China might say if you don't help the United States we won't help you," Grant said.

"When we think of the power of Russia in Asia and the interest of China in Asia, how can the United States manage anything in Asia?" Grant asked.

"We had better keep out of it," he stressed.

Three years ago Brezhnev said Russia would welcome the retention of a U.S. bridgehead in Asia, Grant declared. This

would help the Russians counteract China's influence in Asia, Grant said. He then asked, "Why should the U.S. do anything to help Russia?"

Grant had the highest praise for the initiative exercised by President Nixon in his trip to China. "When a statesman in the world takes a new step everybody looks up," Grant declared.

Since World War II, Russia has been exercising the initiative and the U.S. has been reacting, Grant stated. He said in 1969, the American government through the President was disappointed at getting no help from Russia in settling the Middle East and to close the trouble in Vietnam and "in the summer of 1969, the President began listening to see if China would say a word but China was shut out."

"Now a window has been opened and there is communication instead of rejection," Grant pointed out.

"The United States is not turning to China for help and is not

rejecting Russia but is turning her face away to talk to someone else," Grant declared.

Grant stated Russia would like China and the United States to be apart and this is another reason why President Nixon showed initiative, Grant explained.

China is against Russia but not because of the United States (see U.S., page 7)

Election Deadline Is Today

Filing deadline for three local elections is today at 5 p.m. and the only contested races thus far filed will be for the Canyon Independent School Board.

Three positions will be open for election on the school board, two are three-year terms and the third is a one-year term to fulfill the unexpired term of J.O. Parker.

Candidates who have filed for the three-year terms are two incumbents Dudley Moore and Walter Graham, and Mrs. Pauline Hefley.

Moore is president of the trustees board now.

Those who have filed for the one-year term are Richard Pruett, Dr. Hiram Carr and Dick Fleniken.

In the city commission race, three incumbents are the only ones who have filed so far, according to assistant city administrator Glen Metcalf.

Those include Mayor Manly Bryan, and commissioners H.R. Fulton and Jim Christopher.

Three South Randall County Hospital Board members have filed for reelection also. They include Mrs. Nolan Henson, Raymond Batenhorst and Floyd Tomlinson.

Election for all three races will be April 1.

Randall County Judge Woody Pond signs a proclamation announcing Canyon High School Girl Eagles Week in the county. Ceremonies will be held at 4 p.m. today on the courthouse lawn in downtown Canyon honoring the 1972 State Champions in Class 1-AAA. The public is invited to the celebration.

Evaluation Committee Views Metro Squad Unit

An evaluation committee investigating the Metro Unit has recommended an on-going evaluation group for the two-county, city law enforcement agency.

Established by the Panhandle Regional Planning Commission, the committee consisted of representatives from West Texas State University, the cities of Canyon and Amarillo

and the counties of Randall and Potter.

City Commissioner Jim Christopher, County Commissioner Jim Fletcher and WTSU vice president T. Paige Carruth served on the evaluation committee representing the three entities involved from this area in Metro operations.

County Court Hears Report

Justice of the Peace W.A. (Bill) Wilson appeared before the commissioners court Monday with reports on courthouse maintenance problems.

The court also authorized Judge Wilson to purchase docks for his office and for the office of Justice of the Peace W.W. Hancock at a cost of \$157.30 for the first dock and \$100.75 for each additional dock.

Judge Wilson reported to the court on the installation of telephones in the tax office, and on ceiling repairs for the courthouse.

The court approved the hiring of Richard L. Hanna for the tax office to replace an employee who resigned.

The court reappointed Dr. Dudley Moore as Randall County Health officer and gave authorization to return land (See COUNTY, page 7)

FROM THE

CANYON RIM

It galls me to hear H.M. Baggarly of the Tulia Herald referred to as a newsman. About the only thing that would qualify the Tulia scribe for this title is the fact that he runs a newspaper.

I had always thought of a newsman as a gatherer of facts which put together constitute news. There is little evidence in Baggarly's paper that he does this.

Baggarly decries hate while he is the Panhandle's leading purveyor of hate.

Two weeks ago in his column Baggarly openly threatened to use his newspaper on just about anyone in Tulia who does not toe the line according to the dictates of Baggarly's conscience. Few real newspapermen could read this without having their gorges rise at the thought of ANY newspaper being used for the outright intimidation of an entire community.

Baggarly presently is using his newspaper on the Swisher County Hospital. Although his references are vague and oblique, the Tulia editor — if you can call him that — appears to be angry because one of his friends finds himself in the toils of the law and he apparently thinks someone connected with the hospital helped to put him there.

The ultra liberal Tulia editor even lapsed into profanity in de-

scribing the Tulia men and women who seem to be objects of his wrath.

I talked to the administrator of the hospital at Tulia and was told that Baggarly does not cover meetings of the hospital board upon which he is venting his spleen in the crudest manner.

This would seem to relegate much of Baggarly's information on the supposed shortcomings of the board to the realm of hearsay. A sorry state of affairs indeed for a man who postures as a great "Country Editor."

In fact, most of Baggarly's information about his own community would appear to be hearsay since the Tulia editor himself says he doesn't cover meetings of the school board, city commission or county commissioners court.

I contend that if any of these governing boards or commissions have fallen short of their duties most of the blame should fall on Baggarly himself. If coverage of their deliberations had been provided, the people of Tulia would know what they have been doing and would be in position to judge for themselves.

It's a shame that a town the size of Tulia is not provided with the news coverage it should logically expect.

Much of Baggarly's column which has made him the darling of ultra liberals across the na-

tion is made up of what ever political excrement fellow liberals happens to step in and pass on to him that week.

Last week Baggarly blasted Dolph Briscoe, candidate for governor, for protesting school taxes in a school district in which Briscoe owns property.

He tries to make Briscoe look like some type of monster for putting the school district over the barrel.

With typical Baggarly reportorial acumen he offers not one shred of evidence to show that Briscoe was not absolutely justified in protesting the taxes.

Each week the Tulia editor offers his column as the "Word of God according to H.M. Baggarly." In the last few weeks a lot of people who once supported him are beginning to wonder if Baggarly's verbal offal might not come from the reaches of a much lower and possibly much, much more torrid clime.

We are about to enter into a love Red China era as a result of Nixon's visit.

This reminds me of the days following Pearl Harbor when we were placed on the same side of the Red Army that butchered Finland.

I remember a national magazine carried a story entitled "How Red is Russia?" which was nothing more than an apology for Joseph Stalin.

Did Russia change?

Listen to Nikita Krushchev in later years:

"A shrimp will whistle before we change the goals of international communism."

"We will bury you."

We have since seen the Berlin Wall, the rape of Hungary and the brutalizing of Czechoslovakia.

I doubt that the Nixon visit will change the Red Chinese much for all our hopes.

We will leave Southeast Asia and then it will be up to Japan to contain communism there. Unleashed and encouraged, Japan can do it but who is going to contain Japan when she emerges a giant in the Far East 10 to 20 years from now.

There's not much to indicate that Japan's objectives have changed much since they launched the sneak attack which catapulted us into World War II thirty years ago.

I got a letter this week from a former inmate of Randall County jail who said 20 years in prison is more than enough for murder.

The tenor of his letter was that he was mistreated in having to spend a night in jail. There was no show of remorse for what he must have done to put himself behind bars.

Typically, as he pleads the cause of the murderer, the writer who did not sign his letter, expressed no sympathy at all for the murdered or his family.

Demo Headquarters Open Thursday

The Randall County Democratic Headquarters will formally open at 6:30 p.m. Thursday.

The opening will be hosted by the West Texas State University Young Democratic Club, according to Barry Wall chairman of the Headquarters Committee.

Representative Ben Bynum, of Amarillo will speak at the affair.

All interested persons are invited to attend, Wall said.

Canham To Give Lectures

Erwin D. Canham, editor in chief of the Christian Science Monitor and a special representative to several U.S. presidents, will deliver the 26th Willson Lecture at West Texas State University next week.

He will speak on "A Search for the Real Issues" at 10 a.m. Monday, 9:30 a.m. Tuesday and 11 a.m. Wednesday. The lectures will be in the Activities Center ballroom.

Canham, born in Auburn, Maine, the son of a part-time farmer and weekly newspaper publisher, received a bachelor's degree from Bates College and the same year became a reporter for the Monitor.

He took a three years' leave of absence to study as a Rhodes Scholar at Oxford, England, and received Bachelor of Arts and Master of Arts degrees there. He holds honorary degrees from 27 colleges and universities.

Between college terms at Oxford he was an assistant correspondent for the Monitor at the League of Nations assembly sessions in Geneva. In 1930 he covered the London Naval Conference and began service as the Monitor's Geneva Correspondent.

From 1932 to 1939 he was chief of the Monitor's Washington bureau. He was transferred to Boston, headquarters of the Monitor, as general news editor and in 1942 was named chief editorial executive.

Canham has received appointments to several commissions and boards from U.S. presidents. In 1948 he was vice-chair-

man of the U.S. delegation to the United Nations as Conference on Freedom of Information at Geneva.

The next year he was an alternate U.S. delegate to the United Nations General Assembly. In 1970 he was a member of President Nixon's Commission on Campus Unrest.

Canham was elected president of the Chamber of Commerce of the United States in 1959. Then in 1966 he was elected president of the Mother Church, First Church of Christ, Scientist, in Boston for a one-year term.

He is a past president of the American Society of Newspaper Editors and a former chairman of the National Manpower Council. He is a fellow of Sigma Delta Chi, professional journalism fraternity, a member of Phi Beta

Kappa, national scholastic honorary fraternity, and of the Association of American Rhodes Scholars and is a 33rd Degree Mason.

The Willson Lecture was started at West Texas State in 1947 by Mr. and Mrs. J.M. Willson of Floydada. They also provide funds for similar lectures at educational institutions in Arkansas, Kansas, Texas, Nebraska, Louisiana, Tennessee and Oklahoma.

In 1960 they received the Special Freedom Leadership Award from the Freedoms Foundation of Valley Forge.

Mr. and Mrs. Willson were graduated from Southwestern University at Georgetown, Tex., and have received honorary doctor's degrees from McMurry College.

Umbarger News Lake To See Boaters

BY SUSAN DOLLE

WEATHER PERMITTING, Buffalo Lake will see its first boaters in a long time this Sunday. Paul Ferguson, refuge manager, said that the lake will be open for water sports. Last Sunday, motorcycle enthusiasts were in abundance along the water's edge. They are reminded,

Walk Straight "The Straight And Narrow Has The Lowest Accident Rate"

Teen Rap

however, that while on the refuge, they must use public roads only, have a license for driving, and must use all safety gear. The whole refuge is not available for cycling.

IT IS GOOD to see the usable water again. Maybe March will be enough to increase the size of the lake. It will be another year before fishing can be permitted; the fish are there, but they have to grow first.

A COMMUNITY MEETING for members of the Farm Bureau was held last Wednesday night in the Umbarger school lunchroom. A member of the Extension service presented a program on Cattle Nutrition using Wheat Grazing. Approximately twenty-five members re-elected Joe Wieck and Anton Hollenstein as community representatives to the Farm Bureau.

OFFICERS OF THE Catholic Life Insurance Union, Branch 54, Umbarger, attended an area meeting in Plainview last Sunday. They heard presentations by Arnie Schroeder, San Angelo, trustee of the insurance group, and Tom Acker, Nazareth, district supervisor. A steak supper following was enjoyed by Mr. and Mrs. John Wieck, Mr. and Mrs. Dennis Brandt, Mr. and Mrs. Carl Kleuskens, and Mr. and Mrs. Don Dolle.

HOW MANY LETTERS have you received in the mail concerning political functions? No doubt many more will be coming before the May primary. One letter that came to us made a good point. Everybody in the state of Texas knows who is running for governor but the odds are that the next person you see will not know who is running for House and Senate seats in this district. Now who is it who makes the decisions about many of the important things that affect our lives? The Texas legislature, not the governor, who at best can use only his personality and qualities of leadership to get what he thinks Texas needs, decides issues like criminal law reform, drug addiction, education, abortion, pornography, poverty and welfare reform and many others.

SINCE THE REPRESENTATIVES and senators come from a smaller geographic area, they must be in tune more with the people who elect them. Now is the time, before the primary elections, to listen to the candidates and come to know their positions so that you can decide which one closest resembles your own thinking. The candidates need to know too, what you want expressed in Austin. If you don't take this opportunity, things will happen in Austin next year that don't express your views. The group called "they" which everyone fusses about and no one knows its identity will control all that goes on within our state.

IT IS A bother to be interested in the political scene, but we have to make it our scene too.

MY OWN DEAR HUSBAND, Billy marked another birthday Saturday while we were in Austin. Bud and Mary Coffman and Ken and Laverne Hood entertained with refreshments of cake (with candles) coffee and cokes. We all had such a good time together.

AMONG THE PARENTS attending the Blue and Gold Banquet for Cub Scout Pack 131 were Jim and Jewell Huneycutt. Three dens were represented at the buffet supper in the Canyon Community Center. The boys were presented Bob Cat Pins and awards. Special attention was called to the fact that the parents of all the boys were there.

MR. AND MRS. TOM DELASHAW will be celebrating their Wedding Anniversary Sunday, March 5. Happy Anniversary.

Palisades Palaver

Injuries Plague Palisades Residents

BY VICKI HOOKER

THIS HAS NOT BEEN a very good week for the feet of some Palisades residents. Last Friday afternoon in Connor Park in Canyon, Jonita McDaniel, daughter of Mr. and Mrs. Bill Tucker, fell from a horse and broke her left foot. Luckily that's all that was injured.

SUNDAY AFTER-NOON my husband, Randy, was chasing his brother Stan, and tripped or something, and

sprained his left ankle. With the help of a size 10½ pan and some Epsom Salt he'll probably be back to normal in a few days.

ONNIE AND ESTELLE Atkinson are our "family of the week" this week. They have lived in their Palisades home, which Onnie built, for 10 years. They have one daughter, Mrs. Jerry (Louise) Elliott, and two grandchildren; Brenda, 6, and William, 3. Louise and her family live in National City, Calif., a suburb of San Diego where her husband is stationed in the Navy.

ESTELLE RETIRED from a nursing career about five years ago, and at present is enjoying being a housewife. Onnie drove a bus for Continental Trailways for several years, but he is now a self-employed carpenter. He has switched from driving a bus to doing occasional building maintenance for the bus company.

ONNIE, OF COURSE, enjoys building and Estelle's hobbies include ceramics and crocheting. They both enjoy yard work, and the ground around their home certainly proves it. Many of us would enjoy having a smooth, level road in front of our homes like the one the Atkersons have. Why, I'd vote for Onnie for road commissioner any day of the week!

THE ATKERSONS began attending church services in Lake Tanglewood last Novem-

ber and at the time the attendance was about 40-50. Onnie said that two weeks ago the attendance was close to 140. He and Estelle really do like the non-denominational services there, and they say that the people in Tanglewood extend an open invitation to anyone wanting to attend. The dress is casual (no ties and some women wear pantsuits) and services begin at 9 a.m. on Sundays in the Tanglewood Club.

AFTER A SONG SERVICE, a retired preacher, Hugh Robertson, preaches and reads scriptures. Onnie suggested that anyone wishing more information about the Lake Tanglewood church services should call Gene Klein, Jr. who lives in Tanglewood. His number is 622-0810.

ONE MORE THING about the Atkersons. I had just met Estelle maybe two or three times and had never really visited with her until the other night over the phone, and I had never met Onnie (I thought). While visiting with Estelle she said that Onnie knew me. This of course, came as a surprise, but then she mentioned that he had driven a bus. I remembered! How could I forget such a kind, understanding man who had been so patient when driving 120 screaming monsters to Enid, Okla. for a band festival? Yes, he was just great as a bus driver, and I'm delighted to know he is a neighbor. Small world, eh, Onnie?

REMEMBER THAT LIST I told you we were getting together? Well, more than enough copies are in Lum Edwards' posses-

sion, thanks to Laverne McGaha who ran them off for us. What Lum will do with them now is still a mystery, but I'll let you know as soon as he lets me know.

HOME DEMONSTRATION CLUB members met at Lorraine Inman's last Thursday for a luncheon and some craft demonstrations. After a scrumptious meal, Judy Detten demonstrated the foil craft, and Jodel Walker spent her time getting her crock to crack. Now I know that sounds odd, maybe even obscene! Let me explain. She had an old, old crock which she intends to convert into flower pot for her kitchen. She wants the outside to look as if it is cracked so she used a paste-like substance called "Crackle Aid" to get the effect. Maybe she will

have it finished by today's meeting at Judy Detten's on the Claude Highway so we can all see how a crock looks when it's cracked.

ARLENE HOOKER entertained guests last weekend when her daughter Debbie brought home her boyfriend, Gary Black. Gary is from Olney and is a junior student majoring in accounting at Texas Tech. The two have been dating since the first of this school year, and though neither of them has said anything yet, we're all hoping that wedding bells may be ringing for them in the not-too-distant future.

DEBBIE'S BROTHER, Mike was not trying to prove how tough his 185 Suzuki was last Monday afternoon when he ran

into the back of a pick-up. The driver gave no indication that he was going to turn and if Mike had been going any faster he may have gotten a free ride in the bed of the truck. Luckily Mike was not injured, and the cycle suffered bent handle-bars. Take it easy Mike!

I SAID THAT I couldn't beat 'em so I decided to join 'em. Sunday I made my debut on a motorcycle. A little Honda mini-trail. No one gave me any in-

struction, they just said "get on and ride." So I did. And I had no sooner let out the clutch when I found myself and the bike climbing the right front bumper of our car! Well, no one told me to turn the little monster towards the road!

THANKS TO DOUG Moore, seven year old son of Mr. and Mrs. Jarriel Moore, now we all

know how many licks it takes to reach the center of a tootsie-roll Pop. Doug experimented for about one hour and discovered that it took 1,402 licks to reach the center of his yellow sucker! When asked if his tongue got tired he said, "No, just yellow."

HAPPY BELATED birthday to Lum Edwards whose birthday was on the 20th.

First High School Computer Training Begins In Texas

Approval of a four-year pilot program to provide teacher training in computer information systems at the high school level was announced today by West Texas State University.

The Texas Education Agency approved the program along with teacher certification in the same academic field.

"It is the first such teacher certification program in computer information systems in Texas," said Dr. Roland Johnson, head of the WTSU business education and office administration department.

The program goes into effect next fall.

"The need for such a program was initiated by the Texas Business Teacher Education Council in response to the development at the secondary level of various data processing, automation and computer related courses," Johnson said.

Such programs began in Texas high schools in 1966 with only 110 students enrolled, he said. Six years later the number of students enrolled in data processing programs in high schools had risen to 1,867 in 25 cities.

Cities which have high schools teaching data processing courses are Abilene, Alvin, Amarillo, Austin, Baytown, Beaumont, Bryan, Cisco, Conroe, Dallas, El Paso, Fort Worth, Freeport, Galena Park, Galveston, Hillsboro, Houston, La Porte, Midland, Pasadena, Rosenberg, San Angelo, San Antonio, Stafford and Victoria.

Johnson said these secondary level programs have not been taught by teachers certified in computer information.

The West Texas State program will include 24 semester hours of computer information courses such as principles of computer and information systems, techniques of computer programming, several programming languages, computer systems development and design and computer center management.

Tidbits here and there

BY CAROL CRAIN

SOS, MAYDAY! ETC. The decorations committee for the Chamber of Commerce banquet needs an assortment of bottles — disposable soft drink bottles, clear wine bottles, grape or apple juice bottles, or the like.

Doris Martin, Frankie Swartzell, and Mattie Moreland, are making around 75 candles for the tables. (You may take the bottles to the Ticky Tacky Shop on the square.)

The bottles are cut with a machine designed for that purpose, then candle wax and a wick is added to the glassware and finally the holder is covered in paper mache.

Colors for this year's banquet are red white and blue.

GET YOUR TICKETS from David West or Virginia Cotton. Frank Gifford will be the guest speaker and the Chamber would like to see a big crowd attend the affair on March 9th.

Tables will be set for 8 and 10 people, so invite some friends (in or out of town) to hear Gifford and come!

ALOHA!! To those going to Hawaii on the WTSU sponsored trip.

Included in the list are Mrs. Mary B. Weeks, Mrs. T.H. Knighton, the H.W. Burrus, Mrs. A.K. Goodman, Mrs. Hugh T. Greiner, the Jack Walkers, Rebecca Haley, A. Scott Johnson, Mrs. Ines Cataldi, Gladys Haines, Mrs. Mae Johnson, Mrs. Audrey H. Sanders, Mrs. W.L. Smith, Sandra Nelson, David Acker, Ricky Leatherman, Robert Valdez, the Foster Harmons and the Sy G. Elliotts.

YOU MAY STILL GO to Hawaii on the same flight according to Jim Holstap, program director at the Activities Center.

Yes, Jim said that any others who would like to go to the islands for 8 fun-filled, sun-filled days (March 26 through April 2) for \$275 days may do so. Call him at 656-2296. They will keep the trip open until the plane is filled, but hurry.

THIS WARM WEATHER of late is a reminder that hot pants will again be seen on the fashion market for summer. They may be worn with halter tops, or knits.

There are also "warm" pants coming in — they are a bit longer than hot pants.

And, remember red, white, and blue is in as well as the gay garden colors.

A COUPLE OF "Mixers" at parties are: (1) making a list of ten items about a person, (birthdates, anniversaries, middle names, uncles' names, state or city of birth, etc.) then each is to find someone at the event that matches one or more items with them.

Another (2) is to put the name of a famous person on a person's back. He is to show his newly obtained identity to someone else and ask certain question until he guesses who he is. (Raquel Welch, Tricia Nixon, Hubert Humphrey, Jesse James, etc.)

A HAIR DESIGN seminar is scheduled at WTSU Monday evening March 13. Ronnie Crawford of Atlanta, Georgia will return to the campus to discuss fashion trends and change some of the coeds' looks via hair design.

Last year the event was very interesting and this year even more people are sure to turn out.

The event is being sponsored by the Fashion Board at WTSU; Sandy Fowlkes, chairman.

Tickets will be on sale at the door.

THIS MONTH IN Texas there will be the Ward County Livestock Show in Monahans (1-4) the Livestock Show and Rodeo in Houston (1-5) the International Spring Fiesta at McAllen (1-5) the Lower Rio Grande Valley International Music Festival also at McAllen, the Border Olympics at Laredo (2-4), Greyhound Racing at Juarez Thursday, Saturday, and Sunday weekly across the Border from El Paso.

Dr. Young To Speak At WT

Dr. Arthur W. Young, professor emeritus and former head of the department of agronomy Texas Tech University, will speak on the agriculture of Argentina March 6 at West Texas State University. Dr. Young and his wife will present a program at 7 p.m. in Room 216 of the Activity Center. The program is sponsored by the Plant Science Club at WTSU.

Dr. Young and his wife spent two years in Argentina and will show slides of the country, according to Dr. Ronald Thomason, associate professor of plant science.

No admission will be charged and the public is invited, Dr. Thomason said.

Other events this month include the Texas State Golden Gloves Tourney at Ft. Worth (2,4,6), First Monday Trade Days at Canton (5-6), the Mineola Color Trails (dogwood, redbud, crimson clover and Indian paintbrush) at Mineola March 7 - April 14, an Antique Show and Sale at Wichita Falls (9-11).

THESE AND LOTS of other tidbit information on travel and numerous sights are available at the Canyon Chamber of Commerce.

So, check with them before your next jaunt.

TERRARIUMS, those glass enclosures discussed in a previous column, are getting more and more unique.

Mrs. Larry Brandon's terrarium is a large distilled water bottle with a cork in the bottle's mouth.

Harriett has about three different kinds of vegetation growing in the bottle, which sets as a decor piece in her den.

(You remember that the moisture inside is enough to sustain the plant life and needs to be watered only about twice a year.)

THE MISS CANYON pageant will be held March 11, members of the Canyon Study Club and the entrants will appreciate a full house for the event, I'm sure. The pageant is set for 7:30 p.m. at the CHS auditorium.

COLUMNIST CAROL HIGLEY of the Childress Index reported in a recent column that the world's best seller is of course, the Bible, (printed in 1,280 languages). The second best seller non-fiction is "Quotations from the Works of Mao Tse Tung" with 330,000,000 copies sold or distributed between June, 1966 and March 1967.

The next best selling non-fiction book is "The Common Sense Book of Baby and Child Care" by Dr. Benjamin Spock.

The novel with the highest sales has been "Peyton Place", first published in 1956 and written by Mrs. Grace de Repentigny Metcalfe. Second best seller is "Valley of the Dolls" by Jacqueline Susann. "Neither is a shining example of good literary taste, is it?" she quips.

A deltiologist is a picture post card collector.

THE JESSE POWELLS are back in Canyon. Jesse, you remember, is a former WTSU grid-star who shared in the Super Bowl money as a member of the Miami Dolphins.

His wife is the former Jill Jarnagin of Canyon.

A SPRING-TIME OR summer luncheon idea for mothers with small children is one from Penny (Mrs. Ben) Bynum's file.

Penny will, on occasion, call some of her friends and invite them (and their children) over for an outdoor luncheon in the Bynum's immaculate backyard.

Each brings a sandwich or light lunch and Penny furnishes the drinks, dessert, and potato chips.

The youngsters have a chance to play with each other, swing, or play games and their mothers have a chance to chat.

DOWN THE HATCH is one of the clever specialty houses in Underground Atlanta, Georgia, an out-of-town friend reported to me this week.

Underground Atlanta is just like "old town" in several other cities and features interesting little shops and a gas lite main street. You park your car above ground then descend.

At the Down the Hatch one walks downstairs to a dock where you can see a ship. "You would actually believe you were at a seaport", my friend reports.

At the location beverages are served with an assortment of cheeses and crackers.

ALSO IN ATLANTA is a little hot dog shop called the Chew N' Chat, Grandma's Biscuits (where a delightful breakfast or snack is served for a small price) and the "world's largest hamburger stand (which covers a city block or more).

VIP RECIPE FIND: Mrs. Ben Barnes relates in her cookbook: "an old-time family favorite from my grandmother's cookbook".

- Cheese Squares
- 2 sticks margarine, melted
- 1 1-lb. box dark brown sugar
- 1 c. pure can sugar
- 4 egg yolks
- 2 t. baking powder
- 4 egg whites
- 2 c. flour
- 1/4 t. salt
- 1 c. chopped nuts
- 1 t. vanilla
- powdered sugar

Blend melted margarine, dark sugar and cane sugar. Add beaten egg yolks and beat well. Sift flour, baking powder and salt together; add to creamed mixture. Fold in nuts and vanilla. Beat egg whites until stiff; fold into creamed mixture. Batter will be very thick. Spread batter in greased and floured 9" x 13" pan and bake at 350 degrees for 30-45 minutes. When done, sprinkle with powdered sugar. Slice when cool.

Her footnote reads: "Ben and I were so pleased when the old Driskill Hotel was saved. The Austin Heritage Guild took over the coffee shop and open the "1886 Room" and when they asked me to give a recipe, I remembered this one, which I found penciled in the front of my grandmother's cookbook, entitled "Mrs. Curtis Cookbook-New Edition, published 1908."

OTHERS ON THE Red River slopes with the group from the First Christian Church were: Mark Bentley and Kyd Kendrick.

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Court-house thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 3rd day of April A.D. 1972, to Plaintiff's Petition filed in said court, on the 17th day of February A.D. 1972, in this cause, numbered 11,714-A on the docket of said court and styled THE MATTER OF THE ADOPTION OF A MINOR.

A brief statement of the nature of this suit is as follows, to-wit:

Committeemen on the standing evaluation group will be the same members who evaluated the Metro's first year, according to Christopher. They include Jack Driskill, chairman, Swisher County Judge, and Clay Briggs, city commissioner in Amarillo, plus Christopher, Fletcher and Carruth.

"We feel the evaluation committee will be helpful by looking at the Metro Unit regularly during the year rather than waiting until the end of each year," Abernathy explained. "If the committee has suggestions they can be made all during the year."

Christopher noted each committee member will work closely with the representative from their entity to the Metro Unit Board of Governors. Presently, the chiefs of police for both cities, the county sheriff for both counties and head of security at WT, make up the board of governors.

The local representatives on the board of governors are L.S. "Slim" Johnston, Randall County Sheriff, Alan Stewart, Canyon chief of police, and Bobby Hudson, security chief.

States, he said. The cultural revolution was launched by Mao Tse-tung in order to prevent communism in China from following the Russian example of developing superior hierarchies, Grant declared.

The Russian revolutionary development under Stalin and since has developed more and more the characteristics and weaponry of a great power and Russia exercises "power politics" and has introduced "imposed" communism in the countries of Eastern Europe.

The communist leaders in China, Mao Tse-tung and Chou En-lai, realize that communism cannot be exported from one country to another, Grant stated.

thews, with these agencies being utilized to some extent by Canyon residents.

The Salvation Army of Amarillo gave aid to 150 Canyon families last year, he declared. Matthews said these families were either transients or quasi-welfare recipients. He was of the opinion that Canyon would have had more requests for aid from these families if Amarillo had not had the Salvation Army.

Fifteen children from Canyon were treated at the Killgore Psychiatric Center last year, Matthews stated. The center serves the mentally and emotionally disturbed and 15 children is considered a high ratio, Matthews said.

The Family Counseling Center served 30 families in Canyon with marital problems or some problem with children last year, Matthews said. Matthews said the cost to the taxpayers for a divorce averaged about \$2,000 a case and Potter and Randall Counties divorce rate was higher than the national average.

Nineteen children from Canyon attended the Amarillo Day Nurseries last year, Matthews declared. The cost for the nursery was from 25 cents to \$3 a day, depending on the ability to pay, he said. Due to the services of the nursery, the mothers are able to make their own way, Matthews stated.

The YWCA in Amarillo had 350 residents of Canyon utilize their facilities last year and the Red Cross in Amarillo received five to seven telephone calls a day from Canyon residents even though Canyon had its own Red Cross, Matthews stated.

The Big Brothers of Amarillo, Inc., is starting a new program in Canyon using West Texas State University students as Big Brothers. There are now five boys in Canyon who have Big Brothers and the organization is now screening applications from volunteer students, Matthews said.

Five children from Canyon were served by the Children's Rehabilitation Center, Matthews pointed out. The center serves a total of 103 children from a three-state area, he said.

Matthews stated the Amarillo Council on Alcoholism had 15 people from Canyon seek aid last year. The council sponsored two drug programs at Canyon High School with 210 students participating and two conferences at WTSU for the public and graduate students with 110 participating, Matthews said.

Operation Drug Alert has had 26 calls from WTSU students requesting crisis assistance in the past three months and 31 other calls from other Canyon residents, Matthews stated.

Seven referrals to Operation Drug Alert were made by Canyon school counselors and two from the Canyon Police Department Matthews reported.

Six people from Canyon are now using Kairos House, a part of Operation Drug Alert, with some regularity, Matthews declared, and the agency is now working with WTSU for greater utilization of the facility and using graduate students as volunteers.

The Adoption Service and Counseling for Unwed Mothers served five residents of Canyon last year, Matthews said. He stated the number of adoptions have been dropping in the past few years due to birth control and abortions. He said, however, the number of people going to psychiatric centers in need of post-abortive counseling was rising.

Five children from Canyon attended the Speech and Hearing Center in Amarillo last year and part of the staff teaches at WTSU and conducts testing clinics in Canyon, Matthews declared.

The people who use all of the agencies pay contingent on their ability, Matthews said. "The United Way is not a hand-

They believe the whole world needs communism and are sympathetic to it but they do not try to impose it because it is impossible, he said.

"They want to see communism develop but they believe it can only come from the people on the inside," Grant stated.

He said China is helpful in Vietnam and in Africa but she does not push communism at them.

When Russia cut off her help to China in 1960, China decided she must stand on her own two feet — one foot being the immense territory of China and the other foot, China's 800 million people, Grant said.

"Mao believes people are more important than weapons,"

Grant declared. China is very strong inside her own boundaries and would be strong if others attack her but she would not be strong for aggression outside her boundaries, Grant explained.

"The image in America for the last 25 years has really regarded China as enemy number one, as sinister and aggressive," Grant said.

The image of China has already changed, Grant stated, in the world and more so in the United States since it was established the President was going to visit China, he declared.

"As soon as it was clear the President was going to visit China, the nations voted China into the United Nations," Grant

pointed out.

Grant said he thought there was more discussed between President Nixon and Chou than was released in the official release.

Grant said he didn't think much would be heard about trade with China and he did not think the trade was very important or would happen quickly.

"China is very self-sufficient and doesn't want to become opulent like the U.S. society," Grant said.

"One of the essential points Chou En-lai makes is that China must be clearly recognized as China," Grant said.

He said he thought Tiawan would join China quietly and certainly without violence. "A

good many elements will be disquieted by this fact and it will be a bit of a blow to Japan who has investments and much at stake in Tiawan," Grant said.

"Chiang Kai-shek is 84 and I think an arrangement will come," Grant declared.

Grant said he thought the initiative of President Nixon and the fact that China is responding to the initiative is the most important outcome of the China visit. "This is an affirmative policy rather than a negative policy and the whole world is watching," Grant stated.

He said this was good for United States prestige which was low in the world.

Grant is an honor graduate of Edinburgh University and a polylingual world traveler. Shortly after World War I he became a prominent figure on the international scene during the renewal of Europe.

He began the World University Service and pioneered the WUS in Russia. In 1933 he attended the World Disarmament Conference and was interpreter for Albert Einstein. During World War II he lectured for the British Ministry of Information and following the war worked for the American military government in Germany.

amount by the deadline."

King said the meeting Monday night was to review the amount of money thus far collected and the participation of band students toward the trip.

A survey of parents who would allow their child to attend the festival and help finance the trip was made several weeks ago by band parents.

"The amount of money we have collected, and the participation both were determining factors in cancelling the trip," the director declared.

At least two of their four children were born after they moved to Happy and so they have been transplanted to here for some time.

DUANE WALKER took his sons, Chuck, Rod and David to their maternal grandparents on Friday afternoon and then went on to Lake Kemp between Vernon and Seymour. The fishing was good. I understand that each boy caught a fish, that Rod caught 2, and Dad's fish was the smallest. Grandma fried the fish for Sunday lunch after the family attended church that morning in Turkey.

Your first impression is I really don't want to go. But when you finally get your eyes open and get there, you wouldn't have missed it. We did get back in time to make it for Sunday School.

SUNDAY WAS BROTHER and Mrs. Evans last Sunday with us and they were honored with a money tree and a dinner in the church fellowship hall. Brother Evans has been a wonderful interim pastor. We

The club now has openings for 3 new members.

THE HAPPY CHAPTER of the Order of the Eastern Star will host their annual Friendship night this Saturday night in the Masonic Hall in Happy. The salad supper will begin at 6 p.m. followed by a program and fellowship. If you remember, I told you about the Cherry Blossom Tea in Plainview last Sunday in last week's addition. Robbie Yates, a Past Matron of Texas, who resides in Stratford, Texas, was in the receiving line. She was accompanied to Plainview by her husband, Hoss. After the tea, Hoss slipped and fell in a service station driveway and broke his hip. He has been confined to Central Plains Hospital in Plainview since that time. Those who know Hoss will want to know this and that he is occupying Room 203.

I MUST APOLOGIZE to the PLEASANTVIEW CLUB, who asked our Sunnysill Home Demonstration Club to luncheon and the Heart Program. Since I have become treasurer of Randall County Home Demonstration Council of Clubs, I have been continuously sorting out these people and their clubs in my mind. I will apologize for so great an error. The Pleasantview Club was hosted by Mrs. Jim Irlbeck. Mrs. Bill Head is their president. They are a most congenial group. Not one said a word at council Monday. It was a member of a Highland Club who brought this to my attention. I apologize three times.

See ya! Mary Neal

R **WE STOCK BOTH FAST AND SLOW SELLERS**

Recent news stories told how supermarkets and discount firms are telling manufacturers: "Sell us only your fast sellers. We are weeding out all others." Their reason is that the small amounts sold of slow sellers are not profitable.

This is true, but sometimes slow selling products can be very important to the persons who need them. There are hundreds of them in our pharmacy that sell only about a dozen of each a year. We buy only a quarter of a dozen at a time and re-order when they are sold. Our reputation is to have whatever you ask for. If we don't have your favorite, tell us.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

Litter Is Problem

Litter is a problem in Canyon say members of the Canyon Garden Club.

And they have vowed to help correct it.

According to E.L. Carmody, club member, the individual causes the litter, thus creating a problem for all residents of the city.

In a speech made recently to the garden club, Carmody said he was "shocked" the first time he drove through Canyon at the amount of "filth and litter" in the streets and vacant lots.

"One does not expect to see the depressing amount of litter along the highway and on vacant lots which is evident in Canyon," he stressed.

Carmody said people who are not classified as "trashy" commit little acts of heedlessness which result in litter.

"Disposal of gum wrappers, bottles, cans and other people litter is done by many otherwise thoughtful persons," he declared.

The speaker suggested several solutions, in addition to individual attention to the problem.

"Dogs roaming the alleys carry much litter," he pointed out.

"And cans are not anchored down, so can be tipped over." But he emphasized the problem is one of "being aware." He also mentioned the excellent training children get in schools. "I have heard several teachers tell me that children are taught to be tidy and to be aware of litter. This may be one of the best things we can do."

Carmody, who has lived in Canyon two and a half years, said merchants should be aware of the litter.

When someone sells something in a container they should realize that container can be thrown on the ground as litter, and they should help keep the area clean," he noted.

He remarked the garden club will help any civic group in an annual drive to clean up, or will participate in any way to improve the litter problem in Canyon.

Trio Wins Talent Search

BY TOOTIE BYBEE

HI AGAIN from our little ole neighborhood to you wherever you might just happen to be. As I was calling around to find out what has been happening around abouts, about everyone was busy shoveling fertilizer, or plowing garden spots. Well, at least they are doing something! I know there are bound to be some good ole aching backs this week.

Steve Ross went down to Carlton with the FFA boys Friday and they returned Saturday. They didn't do too well this particular time, but I know they will in the future. They all did enjoy themselves and had a good time. Steve is the reporter for the FFA.

THE BLUE Birds are busy making Tote Bags for camping this summer. I thought what they were making them out of was about as interesting as could be. The legs from Mr. Whitehead's old discarded levis.

THE CAMP Fire Girls are preparing to go on their "Date with Dad" and also, are stating their plans for the Mother and Daughter Dinner they are going to have.

CONGRATULATIONS to Greg Jones on winning the Sectional Talent Search. This is sponsored by the Assemblies of God Churches in the State. He and his girl friend Beverly Parker and another young lady form a trio. They sang religious songs in a special arrangement. They will be traveling to Lubbock very soon to compete in the district competition. Good Luck!!

THE L.J. TOW S. Monroe Carrs and Kiddoes all left Friday and went up to Ruidoso, New Mexico. They stayed at Sierra Blanca Ski Basin and skied and had a very good time. Jane and Jimmie Cowan from Jal, New Mexico joined them there. Jane is Ann's sister. They said the ski basin is located on top of a 12 mile straight up.

mountain. Sure wish I could have gone along.

THE LADIES Thursday Club met this week at Ann Tow's house. We served and worked the day away. We all enjoyed the great dinner and time together. We would love to have any of you other gals who can, come and join us. It's very informal and you're sure to learn something you didn't already know. (I mean Arts & Crafts wise).

MIKE HUDSON left Thursday and got back Sunday from Houston where he took in the Fat Stock Show there. He, of course, was covering it for the Quarter Horse Journal. Blanche said she didn't do any gadding around this week end as she was busy with her homework, making handbooks.

The Leroy Evanses went to Petersburg this week end to visit Barbara's sister and family, Melba and Bill McKew. They were hardly out of sight when they had company knock on their door. It was LeRoy's cousin from Hereford. So, I guess you can't win 'em all.

GREG JONES got a new car. It's a little Opel station wagon His Mom told me it was just about like a little toy car. It sure is cute and I bet Greg will really enjoy it.

TALKED TO Jo Ann Ross on the phone and wanted to remind all of the kid does with horses about the big show coming up. It will be April 30 at the Bill Cody Horse Arena in Amarillo. The judge will be Ralph Guest. It is open to any youth under 18 with any kind of horse. You may pick up your entry blank that morning. It will open at 8 and Jo Ann is the secretary and will be glad to assist you in any way. This is sponsored by the Panhandle Quarter Horse Exhibitors Association. Now don't forget about this, it'll be a great thing for you youngsters.

ARE YOU wondering about the new foundation poured this week next door to the Holmans?? Well, thanks to Mike Whitehead I can give you a little about the whole set up. The construction Company Lyn-Lee, is

going to build about 30 new homes in our area over the next few months. This is the beginning of the project. They will have approximately 1300 square feet and sell for about \$18,000. If you have been planning to buy that extra lot next to you and have put it off...well, may be too late. Any Way won't we have just a batch of new neighbors!! Just thought you all might be interested in this little bit of information.

GLENNA EVANS went to a slumber party at her church Friday night. It was her Acteen group and they had a real great time.

ONCE AGAIN I saw a lot of peoples out and around this past week, just like to mention a few now and then. Saw Mr. and Mrs. Miner taking a stroll with their beautiful German Shepherd in tow. Saw Lori Lee Laird giving that, precious Boxer "Aggie" a walk around the park. I'm afraid that all our hopes of our Boxer and theirs being better friends were dashed when they walked by, they just didn't seem to take to each other. Saw Melinda and Mitch Moses jumping on the trampoline. Saw Tracy Gillis riding on her pretty new bike.

SAW TOBY Patterson and wife returning with motorcycles in tow from somewhere. Saw the Johnsons leaving in their pickup with their lovely matching horse trailer going somewhere. Saw sweet Mr. Flock out plowing gardens and digging post holes for friends and neighbors. We thank him so very much for digging the holes to put our trees in. It would have been a real job to dig that many by hand. Well, saw lots of activity and all looked like they were having a good time. It seems we have just about acquired a motor cross pit on the vacant lots off Mescalero up close to the McCormick gate. Saw just a bunch of cyclists having fun Sunday afternoon.

OUR "FEATURED" family this week are the Roger Whiteheads on 101 Trail. They were both born and raised in Amari-

lo. They have three little'uns (at present) Michelle 9, Roger Dale Jr. (Spooky) 7 and Rose Mary 1. They will have a new baby in June. Roger works at ICX and Mike is a homemaker. Mike is also the Blue Bird Leader for the girls here in the park. She is also a calm and effective help in times of great panic and will follow me into the great storms of life that always seem to be beckoning me and always manages to salvage a little of my soul and pride when I get in too deep. She's a great friend, and it's nice to have her to count on. I'm sending along one of her extra special recipes and I think you will enjoy it, it is quite different but very good!!

Gather Round Pound Cake Melt together in double boiler. 16 oz. pkg. Butterscotch Morsels 2 T. instant Coffee 1/4 Cup Water Cream Together: 1 Cup Butter 1 1/2 Cups Sugar Blend in Butterscotch Mixture with creamed mixture. Combine: 3 Cups Flour 1/2 t. Soda 1/4 t. salt

Add this to the creamed mixture alternately with 3/4 cup butter-milk. Add 4 eggs, 1 at a time. Beat at medium speed. Cook at 350 for 55 to 60 minutes. Cool 10 minutes before removing from pan. Mike says it looks lovely baked in a Bundt pan but you may use a tube pan as well.

THIS IS JUST a bit late but want to say it any way. Hope Gene Webb's ankle is all better and not quite as black. Seems Gene, Bobbie and kiddoes went up to Santa Fe skiing weekend before last and on Sunday just before they got ready to leave he fell and sprained his ankle. Guess you might call that good timing, or bad as the case may be.

HOPE MY little friend Tammy Kelley is much better and up and at 'em. Hey, Tammy don't let it keep you down, we love you!!

MUST SIGN off now and will see you next time around.

One Last Word: To Mike Whitehead: LTD could stand for Limited Edition. Any I never did know much about cars, you see what I'm driving don't you. It has nice initials to, VW. But I like Ole Herbie.

Patriotic Program Set

BY PAULINE HEFLEY

NOW AS YOU HAVE heard, Mar. 6 thru 10 is Texas Public School Week and although you always have an invitation to attend your chillun's classes at Gene Howe, here is a "special" invite to do so. The special week will be kicked off with a Patriotic Program for the P.T.A. on Monday night at 7:30, which is being presented by the third graders. Also during the week, the Canyon Lions Club will have their noon meeting on the 8th at Gene Howe and we extend a special "Welcome" to them. See you at the lil white school house on the hill — eh, what?

CONGRATULATIONS to David "Spike" Coronado who, along with Ken Cooper, Andy Williams, and Mike Bur-

dett, received a "one" rating on quartet singing in the choir. David is an eighth grader at Canyon Jr. High.

JOHN AND BETTY DOZIER recently had Betty's folks, Mr. and Mrs. Oswalt as houseguests.

CONGRATULATIONS TO THE fourth grade basketball team (boys) under the supervision of George McCurry who won their game and will be playing at 6:30 this Thursday at James Bowie Jr. High. If they win that game then on to the finals on Saturday at 6:30 at Bonham Jr. High. Lots of luck to our good guys!!!

OUR SYMPATHY IS extended to Mrs. Roy (Sherrie) Cates in the death of her sister, Mrs. Connie Sisk.

IF YOU HAVE A chance, you need to catch the tennis match this Saturday between that David Kent's team from West Texas State University and Eastern New Mexico University. The action starts at 2 p.m. on the WTSU courts — see you there? Then next weekend a really big one coming up — but more on that later. And, speaking of tennis — Canyon High will have its first match also on the 4th, also on the WTSU courts — isn't it convenient to catch both on the same day. Lots of luck to each of you.

DAVID AND JESSIE Coronado and Tonya and Ronnie Holt recently tooted up to Angel Fire, New Mexico to ski — report a real good time.

MRS. BILL (RUTH) Clark and son, David, motored down to Byers, Texas (suburb of Wichita Falls) to visit with the Ruth's

sister, Mrs. Floyd Dowd and Ruth's mother, Mrs. Grace Hill. The reason for the excursion was the marriage of Ruth's nephew, Lynn Dowd. Also converging on the Byers clan were Mr. and Mrs. Paul Stach from Lake Dallas (Ruth's other sister and brother-in-law). On the way home Ruth and David stopped to visit with Mrs. Pete Hopkins and her son Terry in Clarendon (this is Ruth's sister-in-law). Then on home to the south forty. Ruth says Bill "didn't even miss 'em — had the TV and dog while they were away."

SEED AND CLAUDIA Call had a "Sing-A-Long" last Friday eve — everyone just brings any kind of instrument they can play and they all get together and play and sing. Those getting together for the meriment were Linda and Charles Stafford, Jerry and Claire McMennamy, J.L. and Kay Riley, David and Jessie Coronado, Ronnie and Tonya Holt, Hank and Gail Latche, and Jimmy Holmes. Sounds like a fun time to me.

THE ANNUAL BLUE AND GOLD Banquet for the Scouts was held this past week at Gene Howe. The tables were beautifully decorated by each den. The 72-73 Charter was presented to the Hollywood Baptist Church. Those to whom special recognition was given were Carl and Willetta Johnson, Herbert and VonDean McGregor, C.O. and Scotty Hillman, and Rev. Bill Nolan of the Hollywood

Baptist Church. All these people graced the head table. Roy Cates was presented a special plaque in recognition to his contribution to Scouting and the date inscribed was 1969 to... Obviously they aren't thru with Roy and hopefully he will have many more years to be involved.

TROOP 180 PRESENTED the program. Those den mothers who continue to give of their time and talents are Mrs. Bill (Sara) Edwards, assisted by Mrs. Alton (Betty) Stokes, Mrs. William (Pat) Seth, assisted by Mrs. Richard (Wanda) Persall, Mrs. Ronnie (Jackie) Mayfield assisted by Mrs. Wesley (Louise) Brumley, Mrs. Sonny (Barbara) Dove assisted by Mr. Sonny Dove, and Mr. Pete Solbrig — in charge of the We-be-los.

COMMITTEEMEN FOR THE forthcoming year are E.W. Carlile, Sonny Dove, Billy Edwards, Johnny Hanson, James Nash, and Bill Seth, cubmaster. This committee is being chaired by Roy Cates. Thanks, all y'all, for endless hours in a real worthwhile cause.

DID YOU NOTICE WHAT that Jeanine Keith is sporting — a lovely engagement ring and the lucky young man is Bert Roanhaus — let you know the date later.

Y'ALL GET ME your latest happenings — 376-9853 or 352-2089. If you haven't done the magic word — its too late now for the school board election.....pmh

Laycock To Attend Seminars

Dr. Kenneth M. Laycock, vice president for planning and development at West Texas State University, is one of about 60 U.S. educators invited to attend a series of seminars in Europe March 6-27.

The invitation came from Phi Delta Kappa, national education fraternity, and the Center for the Study of International Education.

The seminars will be conducted in Leningrad, Russia, Tallinn, Estonia, Moscow, Sofia, Bulgaria, and Paris.

"Secondary schools and higher institutions will be visited with the idea of encouraging an international dimension in the thinking and decision-making of college administrators," Dr. Laycock said.

"The most eminent and world-renowned educators of the nations scheduled to be visited will participate in the seminar sessions," he added.

Dr. Laycock received the invitation nearly a year ago while still dean of the WTSU College of Education. He became vice president for planning and development last fall.

The American educators will leave New York March 6 and arrive in Leningrad the next afternoon. They will return to New York through Copenhagen, Denmark, March 27.
